RE: Government Relations Winter BMP

Attached is the Government Relations Winter BMP for FY 2012-13. There are no requests for additional funds in this BMP. We are moving $420 from Miscellaneous Services to Professional Services. This move is necessary to correct a minor error from the mid-year budget cuts.

Please contact myself or Lesley Kelley if you have any questions.

RE: Government Relations Winter BMP Request

I have reviewed the attached Winter BMP from Government Relations and am submitting it to you for your review. Government Relations will not be making any requests to change appropriations at this time. However, they are moving $420.00 from Materials and Services account 549000 Miscellaneous to account 521000 Professional Services. This BMP will restore the funding to the correct account codes.

Please contact Lesley Kelley or Martha Pellegrino if you have further questions.
