April 27, 2011	**Sylvan & Arlington Workshop #1**	**PP&R and Metro**

From April 2011 through June 2012, PP&R and Metro hosted a series of nine public workshops to discuss Washington Park. What began focused primarily on Zoo's expansion plans, evolved into a more holistic conversation about planning and transportation-related challenges that face the park. Throughout that same time period, PP&R met with the adjacent neighborhood associations and their leaders an additional dozen times to discuss the issues of concern to them.
