CITY OF PORTLAND BUREAU OF TRANSPORTATION

East Portland in Motion & Sidewalk Projects Kick-off

Welcome!

Focus of Tonight's Open House

1. Present the final East Portland in Motion (EPIM) implementation strategy.
2. Present the many sidewalk projects from EPIM to be built in 2012 and 2013. Share project area maps, conceptual designs and construction plans.
3. Answer your questions.
4. Gather public input on each project.

Organization of this Open House

This open house is set-up to be a self-guided tour of multiple stations. There will not be a formal presentation. You can take the tour at your own pace and choose which stations you want to visit. City staff is stationed at various mini-stations to discuss individual projects and answer questions.

You are welcome to submit written comments about individual projects or the broader process. Comment cards and collection box are available at each station or project.

Please write down your comments and input!

Stations

1. East Portland in Motion Implementation Strategy (EPIM)
2. Overview of Sidewalk Projects from EPIM
3. Individual Sidewalk Projects - Maps and Plans (Tables in the Center of the Room)

Next Steps...

1. Present East Portland in Motion to City Council on April 18, at 9:30 AM.
2. Continue with sidewalk project development, design and construction for each individual project, each on their own timeline.
3. Reach out to individual Neighborhood Associations and other groups depending upon the project area.

Presentation display boards from tonight's event will be posted on the PBOT website. Visit www.portlandonline.com/transportation/sidewalkprojects or search for "SW and E Portland Sidewalk Infill"
