The applicant is proposing to construct a new home on the 4,320 sq. ft. lot. The applicant has requested an adjustment from the side setback standards in the Zoning Code section 33.110.220 (Table 110-3) which requires a 5 ft. side setback. The applicant has proposed a 4 ft. side setback along the eastern and western property lines.

In addition, the applicant has requested an adjustment for the length of the garage wall, Zoning Code section 33.110.253.E.3.a limits the size of the garage facing the street to 50 percent the length of the street facing building façade. In this case, the proposed home is 40 feet wide; the ground level garage is 31 feet in width, which exceeds 50 percent of the street facing building façade.

Relevant Approval Criteria:

In order to be approved, this proposal must comply with the approval criteria of Title 33. Adjustment requests will be approved if the review body finds that the applicant has shown that approval criteria A. through F. of Section 33.805.040, Adjustment Approval Criteria, have been met.

33.805.040 Approval Criteria

Adjustment requests will be approved if the review body finds that the applicant has shown that approval criteria A. through F. below have been met.

- **A.** Granting the adjustment will equally or better meet the <u>purpose</u> of the regulation to be modified; and
- **B.** If in a residential zone, the proposal will not significantly detract from the livability or appearance of the residential area, or if in an OS, C, E, or I zone, the proposal will be consistent with the classifications of the adjacent streets and the desired character of the area; and
- **C.** If more than one adjustment is being requested, the cumulative effect of the adjustments results in a project which is still consistent with the overall purpose of the zone; and
- **D.** City-designated scenic resources and historic resources are preserved; (not applicable)
- E. Any impacts resulting from the adjustment are mitigated to the extent practical; and
- **F.** If in an environmental zone, the proposal has as few significant detrimental environmental impacts on the resource and resource values as is practicable; (not applicable)

Zoning Code Section 33.700.080 states that Land Use Review applications are reviewed under the regulations in effect at the time the application was submitted, provided that the application is complete at the time of submittal, or complete within 180 days. This application was submitted on November 1, 2012 and determined to be complete on **November 6, 2012**.

There is a 14-day deadline to file an appeal beginning on the day the decision is mailed. The reason for the appeal must be specifically defined in order for the review body to respond to the appeal. APPEAL OF THE FINAL CITY DECISION

After an appeal hearing, the review body decision may be appealed to the Oregon Land Use Board of Appeals (LUBA) at 550 Capitol St. NE, Suite 235, Salem, OR 97301. The phone number for LUBA is 1-503-373-1265. Issues that may provide the basis for an appeal to LUBA must be raised prior to the comment deadline or prior to the conclusion of the hearing if a local appeal is requested. If you do not raise an issue with enough specificity to give the Bureau of Development Services an opportunity to respond to it, that may also preclude an appeal to LUBA on that issue.

The Bureau of Development Services is committed to providing equal access to information and hearings. Please notify us no less than five business days prior to the event if you need special accommodations. Call 503-823-7300 (TTY 503-823-6868).
