CASE FILE NUMBER: LU 13-226091 AD

Applicant: David Spitzer
DMS Architects
2325 NE 19th Ave
Portland OR 97212

Owner: Dana S Whitley
1545 N Wygant St
Portland, OR 97217

Site Address: 1545 N Wygant Street

Legal Description: BLOCK 10 LOT 17, RIVERSIDE ADD
Tax Account No.: R709603980
State ID No.: 1N1E21AD 06600
Quarter Section: 2528
Neighborhood: Overlook Neighborhood Association, Kent Hoddick at 503-286-9803.
Business District: Interstate Corridor BA, Alexandra Johnson at 503-735-4420.
District Coalition: North Portland Neighborhood Serv, Mary Jaron Kelley at 503-823-4099.
Plan District: North Interstate
Zoning: R2 - Multi-Dwelling Residential 2,000
Case Type: AD - Adjustment Review
Procedure: Type II, an administrative decision with appeal to the Adjustment Committee.

Proposal:

The applicant proposes to expand an existing, detached garage and convert the structure into an Accessory Dwelling Unit (ADU). The existing part of the structure is two feet from the side and rear property lines, and the proposed addition would be 3.5 feet from the rear property line. (See attached site plan and elevations.)

The applicant is requesting an Adjustment to Zoning Code Section 33.120.220 (Table 120-4) which would require a five-foot minimum setback from the side and rear property lines for this accessory building. Because the applicant proposes to both expand the garage *and* convert it to an ADU, the Adjustment to the setback requirement is necessary for the existing portion of the building as well as for the proposed addition.

The site is also within the North Interstate Plan District, but the associated regulations do not affect the Adjustment request.

Relevant Approval Criteria:

In order to be approved, this proposal must comply with the approval criteria of Title 33. Adjustment requests will be approved if the review body finds that the applicant has shown that approval criteria A. through F. of Section 33.805.040, Adjustment Approval Criteria have been met. The relevant criteria are:

- A.** Granting the adjustment will equally or better meet the **purpose** of the regulation to be modified;

33.110.220.A Purpose: The setback regulations for buildings and garage entrances serve several purposes:

- They maintain light, air, separation for fire protection, and access for fire fighting;
- They reflect the general building scale and placement of houses in the city's neighborhoods;
- They promote a reasonable physical relationship between residences;
- They promote options for privacy for neighboring properties;
- They require larger front setbacks than side and rear setbacks to promote open, visually pleasing front yards;
- They provide adequate flexibility to site a building so that it may be compatible with the neighborhood, fit the topography of the site, allow for required outdoor areas, and allow for architectural diversity; and
- They provide room for a car to park in front of a garage door without overhanging the street or sidewalk, and they enhance driver visibility when backing onto the street.

and

- B.** If in a residential zone, the proposal will not significantly detract from the livability or appearance of the residential area, or if in a C, E, or I zone, the proposal will be consistent with the desired character of the area; and

- E.** Any impacts resulting from the adjustment are mitigated to the extent practical.

Zoning Code Section 33.700.080 states that Land Use Review applications are reviewed under the regulations in effect at the time the application was submitted, provided that the application is complete at the time of submittal, or complete within 180 days. This application was submitted on November 8, 2013 and determined to be complete on December 10, 2013.

We will consider your comments, and do one of the following:

ORS 227.178 states the City must issue a final decision on Land Use Review applications within 120-days of the application being deemed complete. The 120-day review period may be extended at the request of the applicant.

APPEAL PROCESS

When the decision is mailed, the criteria used to make the decision and information on how to file an appeal will be included. If you do not send any comments, you can still appeal the decision. There is a 14-day deadline to file an appeal beginning on the day the decision is mailed. The reason for the appeal must be specifically defined in order for the review body to respond to the appeal. If an appeal is filed, you will be notified of the time and location of the appeal hearing.

There is a fee charged for appeals. Recognized neighborhood associations may qualify for an appeal fee waiver.

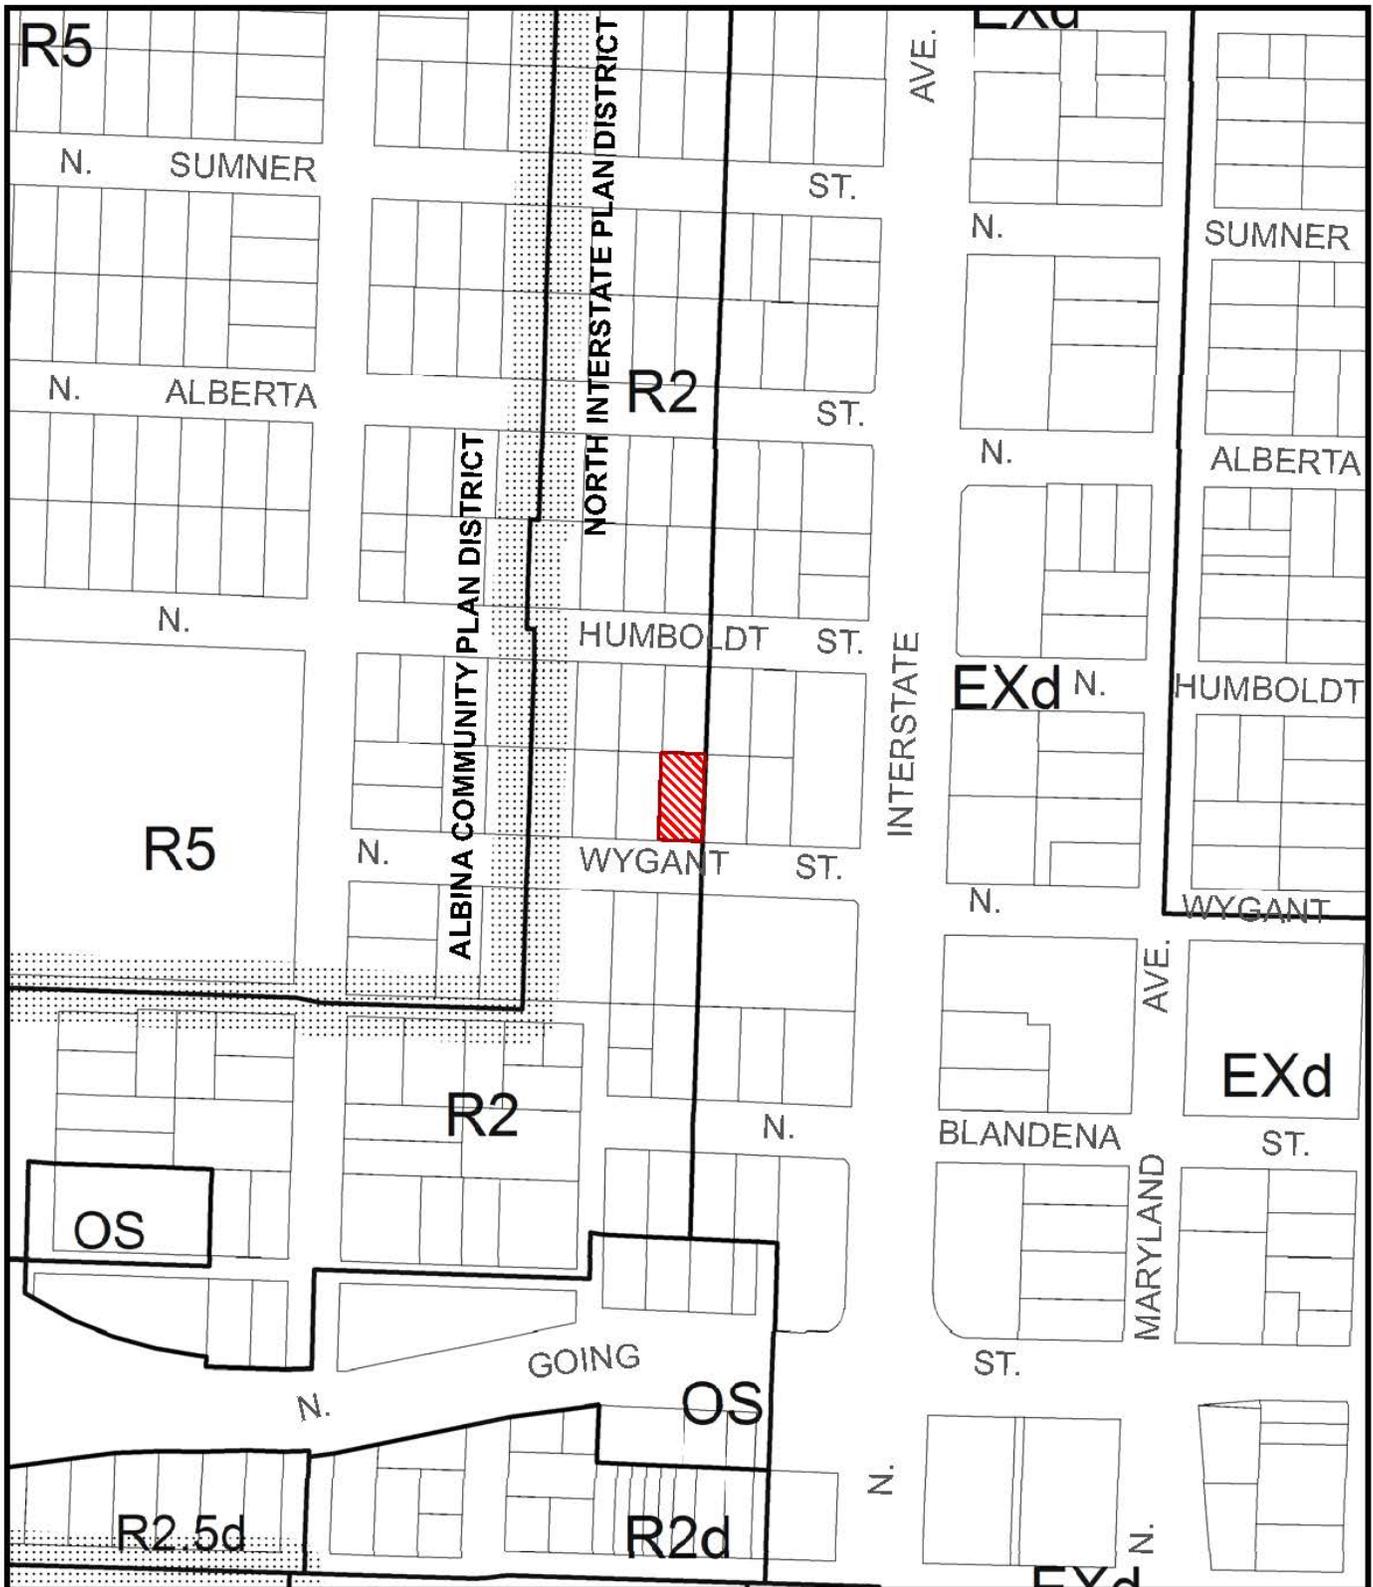

APPEAL OF THE FINAL CITY DECISION

After an appeal hearing, the review body decision may be appealed to the Oregon Land Use Board of Appeals (LUBA) at 775 Summer St. NE, Suite 330, Salem, OR 97301. The phone number for LUBA is 1-503-373-1265. Issues that may provide the basis for an appeal to LUBA must be raised prior to the comment deadline or prior to the conclusion of the hearing if a local appeal is requested. If you do not raise an issue with enough specificity to give the Bureau of Development Services an opportunity to respond to it, that may also preclude an appeal to LUBA on that issue.

The Bureau of Development Services is committed to providing equal access to information and hearings. Please notify us no less than five business days prior to the event if you need special accommodations. Call 503-823-7300 (TTY 503-823-6868).
