#### **Description:**

This decision package is to continue support for Cradle-to-Career. The Cradle-to-Career strategy is the first county wide initiative to address the chronic educational challenges and prolific disparities in our schools. This strategy works by holding the community accountable to common indicators of success, and exposing gaps and disparities. This is a data-driven strategy that helps our community

- -align our work and resources to target off-track youth;
- -make smarter investments that yield measurable results;
- -look at where there are disparities and invest in solutions that decrease them;
- -get the entire community involved beyond parents and educators already at the table- to support our children.

#### **Expected Results:**

This investment will support the restructure and expansion of All hands raised (formerly Portland Schools Foundation) to ensure that things are in place, on the front-end, to make our youth as successful as possible.
