

What's in a host?

Our party packages include two party hosts available to you for any and all of your needs before, during and after the party. When you arrive, the room will be decorated with balloons and table covers in the color of your choice.

Our hosts do all of the work so you don't have to. From bringing loads to and from the car, cutting the cake, and entertaining the kids in the room. Allow them to set up decorations you've brought from home, set table settings and even keep track of who brought what present! With add-ons like balloon animals and face painting, our hosts are trained to make sure the energy of the party is exactly where you want it to be.

They keep control of the party so that you don't have to, just sit back and relax!
