**STATEMENT OF THE WORK
AND PAYMENT SCHEDULE**

SCOPE OF WORK

AKT will complete a focused review of the OMF FY 2011-12 Requested Budget as well as a longer-term review of OMF's structure and operations. The desired outcome is for a series of recommendations that will improve OMF service delivery, increase operational efficiency, and result in cost savings. AKT will enter into a not-to-exceed Professional, Technical, and Expert Services contract with the City.

The project will be broken into two phases. Phase I will lay the groundwork for Phase II by identifying the areas within OMF that need further investigation and a deeper look.

Phase I Purpose

- Reduce the OMF FY 2011-12 Requested Budget without impacting services that are essential to the City of Portland.
- Identify opportunities to use SAP to automate and streamline costly manual processes.
- Pinpoint areas within OMF's structure and operations that need further and more in-depth examination in Phase II.

Phase I Deliverables

1. Analyze the OMF FY 2011-12 Requested Budget, including all cash balances and decision packages.
2. Conduct interviews with the CAO, OMF bureau directors, division managers, and selected staff. These interviews are intended to provide an overview of OMF operations, identify any past, current, or future issues, and inform the ultimate recommendations for both Phase I and II.
3. Review available information provided by OMF - customer service surveys reports to ascertain customer service trends and issue areas; organizational reviews, including but not limited to, the Administrative Services Review, the Bureau Improvement Project #4, and all of the OMF focused reviews conducted from 2004 to 2008.
4. Based on the information collected during the above process, identify any immediate opportunities for service improvement and cost savings within OMF. This includes the identification of any opportunities for savings resulting from business process automation, with a particular focus on ways to use SAP to increase efficiency.
5. Provide an oral report with preliminary findings and recommendations by April 25, 2011 to the Chief Administrative Officer and the Mayor's Office. Provide a final written report with findings and recommendations by May 16, 2011 to the Chief Administrative Officer and the Mayor's Office. In addition to the findings and recommendations, the report should include a brief description of OMF's budget, a list of services delivered by OMF, a brief description of the OMF budget and rate-setting process, and a list of existing performance measures.

Phase II

The activities in Phase II are contingent on the findings and recommendations from Phase I. AKT and OMF will agree upon specific findings and recommendations that will need a detailed examination in Phase II. Potential areas of examination include:

1. A deeper look at OMF's structure and operations through additional interviews, a review of existing work plans, a review of existing strategic plans, and a survey of other similar central service organizations..
2. The rate-setting process and practices of OMF's Internal Services Funds, only to the extent that there are opportunities for improvements and cost savings. This work may include a review of these funds' reserves, their uses, and balances. In particular, internal service rates should:
 - a. Be fair and equitable
 - b. Provide sufficient resources to sustain operations and to maintain sufficient reserves for major maintenance and replacement
 - c. Avoid wide fluctuations between fiscal years
 - d. Provide ease of understanding for customers
 - e. Be comparable with similar rates from other municipalities in the region.
3. Examination of existing performance measures and potential improvements to ensure that OMF is setting appropriate goals and objectives, accurately measuring performance, and using that information in management-level decision-making processes to optimize its service deliveries.
4. Identifying any long-term opportunities for savings resulting from business process automation, with a particular focus on ways to leverage the City's investment in SAP to increase efficiency. Based on the information collected during the above Phase II process, make recommendations on any structural reforms, changes to business practices, or other organizational reforms that would result in increased efficiency, better service delivery, and cost savings
5. Provide written report on findings and recommendations by October 1, 2011 to the Chief Administrative Officer and the Mayor's Office.

The City will enforce all diversity in workforce and Minority, Women and Emerging Small Business (M/W/ESB) subcontracting commitments submitted by the Contractor in its Proposal. For contracts valued \$100,000 or more, the Contractor shall submit a Monthly Subconsultant Payment and Utilization Report (MUR), made part of this contract by reference, reporting ALL subcontractors employed in the performance of this agreement. An electronic copy of the MUR may be obtained at: <http://www.portlandonline.com/shared/cfm/image.cfm?id=119851>.

COMPENSATION

Contractor shall be paid the not to exceed amount of \$150,000. The Contractor will be paid based on its hourly rates, costs incurred in paying its subcontractors, if any, plus any authorized expenses, as set forth in more detail below. The "not to exceed amount" is the maximum amount of compensation due the Contractor for all the work required by the contract. Errors in estimating the number of hours necessary to perform the work is the sole responsibility of the Contractor.

Progress Payments

On or before the 15th of each month, the Contractor shall submit to the City's Project Manager an invoice for work performed by the Contractor during the preceding month. The invoice shall contain the City's Contract Number and set out all items for payment including, but not limited to: the name of the individual, labor category, direct labor

rate, hours worked during the period, and tasks performed. The Contractor shall also attach photocopies of claimed reimbursable expenses, if applicable. The Project Coordinator shall stamp and approve all subconsultant invoices and note on the subconsultant invoice what they are approving as “billable” under the contract. The billing from the prime should clearly roll up labor and reimbursable costs for the prime and subconsultants – matching the subconsultant invoices. Prior to initial billing, the Contractor shall develop a billing format for approval by the City.

The City shall pay all amounts to which no dispute exists within 30 days of receipt of the invoice. Payment of any invoice, however, does not preclude the City from later determining that an error in payment was made and from withholding the disputed sum from the next progress payment until the dispute is resolved.
