MISSION

Portland Parks & Recreation is dedicated to providing a play-based, child-centered educational preschool program for ages 3–5 years old. Play is an important avenue for learning. It is our goal to honor where each child is in their development and to make goals to foster the individual child's growth and development. It is our belief that ALL children want to be successful; we are committed to providing guidance that supports each child and classroom.

SCHOLARSHIPS AND FINANCIAL ASSISTANCE

Portland Parks & Recreation recognizes that some residents of the City of Portland may require financial assistance to participate in our programming. We believe all preschool age children should have access to educational opportunities in their community. If the cost of Portland Parks Preschool is out of your reach, we encourage you to speak to our staff about scholarship opportunities that may align the price to your family's budget.
