

Wonder Woman Award 2022

Darina Christensen, Fire & Police Disability & Retirement Fund

The analysts at FPDR have done a heroic job navigating, assisting, and helping the front-line first responders in the Police and Fire Bureau work through this pandemic. The women and men in these front-line jobs took much more risk than the average person, and to have such talented "Wonder Women" looking out for them to keep them out on the streets and keeping the City safe was a huge need and task for the City, that they have accomplished well. May they receive many returns!

Wonder Woman Award 2022

Kathy Kakesako, Fire & Police Disability & Retirement Fund

Kathy embodies the mission and spirit of the Bureau of Fire and Police Disability and Retirement. The work that she does for FPDR is exceptional. Kathy goes above and beyond to take care of our active-duty police officers and firefighters by listening and following up. She has helped the families of deceased Portland police officers and firefighters navigate the benefits system and is often an important source of comfort and support for those families. She is the driving force in FPDR's diversity initiatives; much of our growth and progress in this area has been because of her. Kathy makes all our and our members' lives better by just being Kathy.

Wonder Woman Award 2022

Mika Obara, Fire & Police Disability & Retirement Fund

Anyone who is lucky enough to work with Mika knows that she is the most helpful, generous, intelligent, and funny co-worker you could ask for. She diligently delivers excellent work no matter the circumstances. Mika has provided retirement security for thousands of Portland police officers and firefighters over the last three decades. Through the years, Mika has been a role model for generations of younger finance professionals and FPDR is lucky to have such a top-notch Financial Analyst. The city will feel her loss deeply when she retires later this year.
