Wonder Woman Award 2022

Catherine Ciarlo, Portland Streetcar

I have been very fortunate to have reported and worked with several wonder women while at PBOT. Kathryn Levine (now retired), Christine Leon (DPT group Manager), and most recently Catherine Ciarlo. Catherine took the lead of Streetcar during a time where the Streetcar project is facing very real challenges and several large capital projects were being impacted by COVID. Her calm and tactful approach has been instrumental in reviving all of these projects and elevating other projects that required immediate attention. With all of that is going on she has always made me feel like a valued employee, listening to my ideas, even when they are probably terrible! This is why I feel Catherine is deserving of recognition.
