

11 December 2017

The Auditor's Office has adopted a Procurement Administrative Rule, pursuant to Charter Chapter 2, Article 5, Section 2-506.

(d) Procurement. The Auditor has all authority granted to a contracting agency under state law to procure or supervise the procurement of goods, services and personal services the Auditor finds necessary for the proper functioning of the Office. The Auditor shall adopt administrative rules governing the Auditor's procurement practices and procedures that are consistent with City procurement policies and rules, except where the Auditor determines in writing that a City procurement policy or rule impairs the Auditor's independence or ability to carry out the Auditor's duties under this Charter.

The proposed rule was posted for public comment for 30 days, ending December 9, 2017. The final rule is available on the Auditor's website or can be requested from Management Services.

Mary Hull Caballero
City Auditor
