

## ORDINANCE No.

\*Authorize an emergency contract for police utility vehicle upfitting at a not-to-exceed amount of \$185,000 (Ordinance)

The City of Portland Ordains:

Section 1. The Council finds:

1. As part of the annual scheduled vehicle replacement program, the Office of Management and Finance/CityFleet has purchased 48 Ford Police Interceptor Utility vehicles for the Portland Police Bureau. CityFleet has taken delivery of these vehicles from Gresham Ford and they are now at the City's Kerby/Graham location.
2. Each year CityFleet orders standard police vehicles through the Oregon State Contract Cooperative Purchasing Agreement and then performs custom upfitting at the Graham Garage location to install the cargo box, radio, emergency lighting, passenger transport seat and safety features, partitions, and City of Portland decals.
3. The 2020 model year Ford Police Utility vehicle was substantially redesigned; and the overall width and length of the vehicle was increased. Due to the change in dimensions and recent additions of passenger safety shoulder and lap belts, CityFleet staff is recommending an engineering solution to the placement and installation of the rear seat and seat belts in coordination with the rear partition and cargo box.
4. Currently the Police Bureau has 15+ vehicles that are out of service and are modifying operations and staffing models to manage through the reduced level of vehicles until the new units are available.
5. CityFleet is requesting to retain the services of Systems for Public Safety (SPS), a Washington State company that provides professional police vehicle upfitting services, to provide an engineered rear seat, seat belt, partition, and cargo box configuration that maintains the original equipment manufacturer's passenger position and safety standards.
6. CityFleet is requesting SPS to provide complete vehicle upfitting services.
7. SPS was selected because they have been in business for over 19 years and have become trusted experts for designing, upfitting and maintenance of police and fire emergency response vehicles. SPS is the largest police vehicle outfitter in Oregon, Washington, Northern California and into the Midwest United States with a staff of over 25 employees available to assist Portland in meeting our urgent need for replacement patrol vehicles. SPS currently builds approximately 900 vehicles per year for multiple government agencies including Seattle and Tacoma, Washington
8. SPS will work with Setina, a national manufacturer of police vehicle products, to engineer the proper seat position and seat belt anchoring that will work with the cargo box and partition already purchased by the City of Portland. Setina will offer the seat solution with installation instructions available for purchase as an engineered solution that meets Federal Seat Belt Safety Standards.

9. In accordance with 5.33.130, the Chief Procurement Officer authorized an emergency goods and services contract with Systems for Public Safety to perform rear seat/cargo box engineering and complete vehicle upfitting to ensure replacement police patrol vehicles are placed into service on a schedule that avoids any further delay or impact to the Portland Police Bureau's ability to deliver services to the residents of Portland.
10. The Office of Management and Finance/CityFleet recommends authorization of a contract substantially in accordance with the attached Exhibit A.

NOW, THEREFORE, the Council directs:

- a. The Chief Procurement Officer is authorized to enter into a contract with Systems for Public Safety, in a form substantially in accordance with Exhibit A attached.
- b. The Mayor and Auditor are hereby authorized to execute payments to Systems for Public Safety when demand is presented and approved by the proper authorities.

Section 2. The Council declares that an emergency exists to prevent delays in proceeding with the project; therefore, this ordinance shall be in full force and effect from and after its passage by the Council.

- 6.5 Remedies. (09/17) The remedies provided in this Contract are cumulative, and may be exercised concurrently or separately. In the event of any Material Breach by Contractor, which Material Breach shall not have been cured as agreed to between the Parties, the City shall have the ability to pursue the City's rights at law or equity. The exercise of any one remedy shall not constitute an election of one remedy to the exclusion of any other.
- 6.6 Cost of Cover. (09/17) In the event of termination of this Contract by the City due to a Material Breach by Contractor, then the City may complete the Project itself, by agreement with another contractor, or by a combination thereof. - 7.1 Maintenance Period. (09/17) Maintenance is not included in this Contract.
- 7.2 Maintenance Term. (09/17) The City's obligation to pay for Maintenance commences on the date of expiration of the Product Warranty Period. The price for annual Maintenance is set forth in Exhibit A, Contractor's Price. Where necessary, prices for Maintenance shall be pro-rated to ensure that Maintenance periods will co-term with this Contract.
- 7.3 Optional Maintenance. (01/19) If the City suspends or discontinues use of Goods or Services, in whole or in part, the City may elect to suspend or discontinue Maintenance and payment of Maintenance Fees for the portion of the Goods or Services not used.
- 7.4 Services Included. (01/19) Maintenance shall include the following:

- 7.4.2 Repair. (08/19) Within the time specified in the table below, Contractor shall Repair all Goods for which a Defect has been identified by Contractor or the City in Maintenance Requests. A workaround or patch which eliminates the symptoms of the particular Defect reported, but impairs the City's operations, shall be deemed an interim repair and cannot last longer than seven (7) Calendar Days, unless otherwise mutually agreed in writing by both Parties.

7.4.3 Replacement. (01/19) Contractor shall replace defective Goods that cannot be repaired. Replacement Equipment shall include all current updates and upgrades.

7.5 Maintenance Remedies.

7.5.1 Remedies Not Exclusive. (09/17) In addition to any other remedies provided for in this Contract or at law or in equity, the City shall have the right to acquire one or more of the following non-exclusive remedies in the event of any failure of Contractor to meet Maintenance obligations: (a) suspension of payment obligations for Maintenance accruing during the period for which Contractor did not meet Maintenance obligations; (b) a refund of all Maintenance Fees paid by the City to Contractor for the period during which Contractor did not meet Maintenance obligations; and (c) notice to Contractor of Material Breach.

7.6 Failure to Meet Response and Resolution Times. (09/17) In the event Contractor fails to meet the Response and Resolution Times or the requirements for timely status updates within Table 7B for Level 1 or 2, or other timelines as mutually agreed by Contractor and the City, the Maintenance Fees for one month (or one-twelfth (1/12th) of the annual Maintenance Fees) shall be refunded to the City for each incident of failure by Contractor.

**SECTION 8 ACCEPTANCE AND ACCEPTANCE TESTING**

8.1 Right to Perform Acceptance Testing. (08/19) Prior to Accepting Goods, Services or Deliverables, the City shall have the right to perform Acceptance Testing, or for Deliverables not requiring Acceptance Testing, the City shall have the right to evaluate the Deliverable(s) to ensure they meet Acceptance Criteria, as may be further defined in Exhibit B - Statement of Work. Contractor shall cooperate with the City in the development of Acceptance Criteria and the Acceptance Test Plan that shall codify and set forth the location, date, and other specifications of the test. Acceptance Testing may occur in one or more phases, depending on the integration of contingent products, scalability, performance tuning or other measurable features or milestones.

8.2 Procedure and Timetable. (09/17) Unless otherwise specified,

8.2.1 The City shall commence Acceptance Testing within a reasonable amount of time after receipt of a Deliverable.

8.2.2 Contractor shall provide, at no additional cost, reasonable and appropriate support, assistance, and consultation in order to facilitate Acceptance Testing.

8.2.3 City will make all reasonable efforts to complete Acceptance Testing within the time period specified within the Project schedule mutually agreed upon by the Parties in writing. If an

Acceptance Test is successful the City shall issue an Acceptance Certificate, a sample of which is attached in Exhibit E-2.

- 8.3 Failure of Acceptance Test. (09/17) The City will notify Contractor if a Deliverable or a portion of a Deliverable fails to pass an Acceptance Test and will specify in reasonable detail the identified failures and possible reasons for failure. After City's notification, Contractor shall correct the failure within five (5) Business Days and notify the City that the correction has been completed. After Contractor's correction notification, the City shall perform a second Acceptance Test. If the Deliverable or portion of the Deliverable fails to pass the second Acceptance Test, the City shall notify Contractor in writing, and the City may, in its sole discretion: (a) terminate this Contract with no further liability; (b) require Contractor to replace the Deliverable or defective portion of the Deliverable at no additional cost to the City, (c) require Contractor to make further corrections to prepare for retesting again; (d) Accept the Deliverable at a reduced cost to be negotiated between the Parties; or (e) issue an Acceptance Certificate for an "Acceptance with Exception(s)" in accordance with Sections 8.3.1 and 8.3.2.
- 8.3.1 If the City issues an Acceptance Certificate for an "Acceptance with Exception(s)" the City will list the exception(s) and the date for Contractor's correction of the Defect(s). If Defect(s) are corrected by the listed date(s) the City agrees to commence further Acceptance Testing of the Deliverable or affected portion(s). If the Deliverable passes the Acceptance Tests, the City will issue an Acceptance Certificate.
- 8.3.2 If a Deliverable fails a second or subsequent Acceptance Test (or in the event of a single Acceptance Test, the Acceptance Test) in no event shall there be an increase to the original price agreed to by the Parties for the Deliverable.
- 8.4 City Acceptance of Failure. (05/19) If the City elects to accept a Deliverable or any combination even with the failure(s), then the City may request that Contractor issue a refund to the City in an amount equal to a percentage of the full fee value of the Deliverable that the Parties mutually determine represents the loss of use or functionality.
- 8.5 Revocation of Acceptance. (01/19) The City shall have the right to revoke "Acceptance with Exception(s)" if the City granted an "Acceptance with Exception(s)" based on Contractor's commitment to correct the Defect within a reasonable period of time, but the Defect has not been so corrected. The City shall also have the right to revoke Acceptance if the City accepted the Deliverable without discovery of the Defect, and the Acceptance was reasonably induced by Contractor's assurances or by the difficulty of discovery of the Defect before Acceptance. Revocation is effective only if it occurs within a reasonable time after the City discovers or should have discovered the reasons for revocation.
- 8.6 Termination Based on Failure of Acceptance. (09/17) If the Goods or Services fail to pass the Final Acceptance Test(s), the City may terminate this Contract. Contractor shall refund all costs

paid for the Goods and Services in U.S. Dollars within fifteen (15) Calendar Days of the date of receipt of notice of termination. The refund shall be in cash and not in the form of future credits from Contractor.

**Statement of Work**

**SECTION 1 SUMMARY**

As part of the annual scheduled vehicle replacement program, the Office of Management and Finance/CityFleet has purchased Ford Police Interceptor Utility vehicles for the Portland Police Bureau. CityFleet has taken delivery of these vehicles from Gresham Ford and they are now at the City's Kerby/Graham location.

Each year CityFleet orders standard police vehicles through the Oregon State Contract Cooperative Purchasing Agreement and then performs custom upfitting at the Graham Garage location to install the cargo box, radio, emergency lighting, passenger transport seat and safety features, partitions, and City of Portland decals.

The 2020 model year Ford Police Utility vehicle was substantially redesigned; and the overall width and length of the vehicle was increased. Due to the change in dimensions and recent additions of passenger safety shoulder and lap belts, CityFleet staff recommended an engineering solution to the placement and installation of the rear seat and seat belts in coordination with the rear partition and cargo box.

Currently the Police Bureau has 15+ vehicles that are out of service and are modifying operations and staffing models to manage through the reduced level of vehicles until the new units are available.

**SECTION 2 SCOPE OF WORK**

Contractor shall provide the following services:

Contractor will work with Setina, a national manufacturer of police vehicle products, to engineer the proper seat position and seat belt anchoring that will work with the cargo box and partition already purchased by the City. Setina will offer the seat solution with installation instructions available for purchase as an engineered solution that meets Federal Seat Belt Safety Standards.

Contractor shall perform rear seat/cargo box engineering and complete vehicle upfitting to ensure replacement police patrol vehicles are placed into service on a schedule that avoids any delay or impact to the Portland Police Bureau's ability to deliver services to the residents of Portland.

### **SECTION 3 TASKS AND DELIVERABLES**
