RE: Lents Park/Walker Stadium Restroom Requirements

Portland Parks & Recreation (PPR) through its Customer Service Division issues 6,326 permits each year. 221 are for public events with attendance that varies from a low of 150 to as high as 150,000+ attendees per day. Attendance is measured in daily, hourly and peak increments. For gated events or events where entrance fees or invitations are required to enter resulting in entrance and exits, we use Portland Fire Bureau recommendations that set maximum attendees allowed within each specific enclosed event space. At each of these permitted events we require a minimum of 1 restroom per 125 in estimated daily attendance. These estimations are with the understanding that individuals may stay for several hours at these events, consuming considerable food and beverage.

Many of these gated events are similar in duration and consumption to that of baseball games at Walker Stadium. Below are those I believe are similar in both attendance and required restroom services. Although the majority of the events listed show attendance much larger than is expected for the Pickles at Walker Stadium, the event type and restroom use patterns are similar.

EVENT	ATTN		DURATION	Portable Restrooms	Perm Restrooms
	Total	Peak			
1. World Cup Soccer – Delta	4,500	2,400	2 days/12hrs a day	18	4
2. Little League - Erv Lind Stadium	800	575	3 days/ 11hrs a day	3	2
3. Portland City United – Delta	3,800	2,100	2.5 days/13hrs a day	16	4

Alcohol is served at the following events.

4. Oregon Adult Soccer – Delta	2,100	1,800	2 days / 12hrs a day	14	4
5. DeMarini - Softball, Delta	4,674	2,000	2 days / 12 hrs a day	14	4
6. USSSA Softball – Delta	4,104	2,100	2 days / 11 hrs a day	14	4
7. NAGAAA Softball – Delta	11,187	2,700	4 days / 12 hrs day	16	4

PPR monitors permitted events. If the number of portable toilets an event provided is inadequate due to higher than estimated attendance, adjustments will be required on all their future permits.

We do receive complaints from event participants and spectators. These complaints are almost singularly about the condition of the portable restrooms and not the number available. These concerns are addressed through an increase in servicing as opposed to addition of more units.

If I can be of further assistance please let me know.
