**Plan District:** Hollywood - Subdistrict A

**Zoning:** CXd – Central Commercial with the Design Overlay Zone “d”.  
**Case Type:** LC – Lot Consolidation

**Procedure:** Type I, an administrative decision with appeal to the Oregon Land Use Board of Appeals (LUBA).

**Proposal:**

The applicant proposes to consolidate Lots 4, 5, and 19 of Belgrade Block 2 (Tax Lots 3000, 3200, and 3300) into one parcel. The lot consolidation is in preparation for a future street vacation of NE 44<sup>th</sup> Avenue (LU 07-142132 VA). The street vacation is not part of this review.

**Relevant Approval Criteria:**

In order to be approved, this proposal must comply with the approval criteria of Title 33. The relevant criteria are found in Section **33.675.300, Lot Consolidation Standards.**

**ANALYSIS**

**Site and Vicinity:** The site is located in Subdistrict A of the Hollywood Plan District and contains paved surface level parking that serves The Davis Business Center. The site is a corner lot with frontage on both NE Halsey to the north and NE 44<sup>th</sup> Avenue to the west. Once NE 44<sup>th</sup> Avenue is vacated the consolidated Parcel will only have legal street frontage on NE Halsey Street.

The vicinity is characterized by high-density residential and commercial development around a major priority transit street (NE Halsey).

**Zoning:** The CX zone is intended to provide for commercial development within Portland's most urban and intense areas. A broad range of uses is allowed to reflect Portland's role as a commercial, cultural and governmental center. Development is intended to be very intense with high building coverage, large buildings, and buildings placed close together.

The "d" overlay promotes the conservation and enhancement of areas of the City with special historic, architectural or cultural value. New development and exterior modifications to existing development must meet the Community Design Standards (Chapter 33.218) or are subject to design review. The "d" overlay does not influence this lot consolidation application.

The Hollywood plan district provides for an urban level of mixed-use development including commercial, office, housing, and recreation. Specific objectives of the plan district include strengthening Hollywood's role as a commercial and residential center, and promoting the use of light rail, bus transit, and walking. The Hollywood plan district regulations do impact lot consolidation proposals.

**Land Use History:** City records indicate there are 2 prior land use cases associated with this property.

- 08-113391 DZ – This land use application was approved in regards to design elements for a new office building on the property to the east and associated parking garage. The land use decision has no impact or conditions that would effect the proposed lot consolidation.
- 07-142132 VA – Pending Street Vacation application for NE 44<sup>th</sup> Avenue.

**Agency and Neighborhood Review:** A Notice of Proposal in your Neighborhood was mailed on 5/2/08.

**1. Agency Review:** Several Bureaus and agencies have responded to this proposal. Please see Exhibits E for details. The comments are addressed under the appropriate criteria for review of the proposal.

**2. Neighborhood Review:** No written responses have been received from either the Neighborhood Association or notified property owners in response to the proposal.

**ZONING CODE APPROVAL CRITERIA****LOT CONSOLIDATIONS**

**33.675.010 Purpose**

This chapter states the procedures and regulations for removing lot lines within a site to create one lot. The regulations ensure that lot consolidation does not circumvent other requirements of this Title, and that lots and sites continue to meet conditions of land use approvals. The lot consolidation process described in this chapter is different from (and does not replace) the process used by the county to consolidate lots under one tax account. A tax consolidation does not affect the underlying platted lots. A lot consolidation results in a new plat for the consolidation site.

**33.675.050 When These Regulations Apply**

A lot consolidation may be used to remove lot lines within a site. The applicant may also choose to remove such lot lines through a land division. A lot consolidation may be required by other provisions of this Title.

**33.675.100 Review Procedure**

- A. Generally.** Lot consolidations are reviewed through Type I procedure.
- B. Sites in PUDs or PDs.** If any portion of the site is within a Planned Unit Development (PUD) or Planned Development (PD), an amendment to the PUD or PD is also required. The amendment to the PUD or PD must be reviewed concurrently with the lot consolidation.

**Findings:** The site is not involved in any past or proposed Planned Unit Development or Planned Developments. Therefore, the requested lot consolidation review has been reviewed under the Type I procedure.

**Approval Standards for a Lot Consolidation****33.675.300 Standards**

A lot consolidation must meet the following standards:

- A. Lots.** Consolidated lots must meet the standards of Chapters 33.605 through 33.615, with the following exceptions:
- 1. Lot dimension standards.**
    - a. Minimum lot area.** If the area of the entire lot consolidation site is less than that required of new lots, the lot consolidation site is exempt from minimum lot area requirements;
    - b. Maximum lot area.** If any of the lots within the lot consolidation site are larger than the maximum lot area allowed, the lot consolidation site is exempt from maximum lot area requirements;
    - c. Minimum lot width.** If the width of the entire lot consolidation site is less than that required of new lots, the lot consolidation site is exempt from minimum lot width requirements;
    - d. Minimum front lot line.** If the front lot line of the entire lot consolidation site is less than that required of new lots, the lot consolidation site is exempt from minimum front lot line requirements;
    - e. Minimum lot depth.** If the depth of the entire lot consolidation site is less than that required of new lots, the lot consolidation site is exempt from minimum lot depth requirements.

The proposed site is in the CXd zone. Approval standards 1.a through 1.e are related to the required lot dimensions and creation of a consolidated parcel that will either meet the lot dimension standards of the zone or meet the listed exceptions. In Commercial zones there are no minimum lot area, width or depth standards. Lots must be of a size, shape, and orientation that is appropriate for the location and for the type of development and use that is contemplated (33.613.200). A parking garage was proposed and reviewed under LU 08-113391 DZ for the subject property. At the time of this review no building permit

applications were submitted. The lot is of a sufficient size to accommodate a variety of commercial uses and development including a parking garage.

In commercial zones there is a Minimum Front Lot Line Standard which is at least 10 feet long (33.613.100). The proposed lot has a front lot line that is 94.35 feet long.

The proposed consolidated lot meets standards.

2. **Maximum density. If the consolidation brings the lot consolidation site closer to conformance with maximum density requirements, the consolidation does not have to meet maximum density requirements;**

**Findings:** There is no minimum or maximum residential density in the CG zone, therefore this criterion does not apply.

3. **Lots without street frontage. If the lot consolidation consolidates lots that do not have street frontage with a lot that has street frontage, the consolidation does not have to meet minimum density and maximum lot area requirements;**

**Findings:** All lots in the lot consolidation site have street frontage, therefore this standard does not apply.

4. **Through lots. If any of the existing lots within the lot consolidation site are through lots with at least one front lot line abutting an arterial street, then the consolidated lot may be a through lot;**

**Findings:** The proposed consolidated Parcel 1 will not be a through lot, therefore this standard does not apply.

5. **Split zoning. If any of the existing lots within the lot consolidation site are in more than one base zone, then the consolidated lot may be in more than one base zone.**

**Findings:** This site contains only one zoning designation, therefore the consolidated lot will not have split zoning. This standard does not apply.

- B. **Conditions of land use approvals. Conditions of land use approvals continue to apply, and must be met.**

**Findings:** Conditions of Approval required in LU 08-113391 DZ continue to apply to any new construction on the site.

## **DEVELOPMENT STANDARDS**

Unless specifically required in the approval criteria listed above, this proposal does not have to meet the development standards in order to be approved during this review process. The plans submitted for a building or zoning permit must demonstrate that all development standards of Title 33 can be met, or have received an Adjustment or Modification via a land use review prior to the approval of a building or zoning permit.

## **CONCLUSIONS**

The applicant proposes to consolidate Lots 4, 5, and 9 of Belgrade Block 2 (Tax Lots 3000, 3200, and 3300) into one parcel. No City Bureaus raised objection to the proposal.

As discussed above, the requested lot consolidation has been reviewed and shown to be able to meet all the required standards for lot consolidations as laid out in Section 33.675.300.

**ADMINISTRATIVE DECISION**

Approval of a Lot Consolidation to create one parcel of lots 4, 5 & 9 of Block 2 into one parcel, as illustrated by Exhibit C.1, signed and dated August 4, 2008.

**Decision rendered by:** Mieke Stekelenburg **on 8/4/08**  
By authority of the Director of the Bureau of Development Services

**Decision mailed August 11, 2008**

**Staff Planner: Mieke Stekelenburg**

**About this Decision.** This land use decision is **not a permit** for development. **THE SIGNED FINAL PLAT MUST BE RECORDED WITH MULTNOMAH COUNTY DEED RECORDS WITHIN 90 DAYS OF THE DATE OF THIS DECISION 11/6/08 OR THIS DECISION WILL BECOME NULL AND VOID.** Permits may be required prior to any work. Contact the Development Services Center at 503-823-7310 for information about permits.

**Procedural Information.** The application for this land use review was submitted on 4/3/08 , and was determined to be complete on 4/24/08.

*Zoning Code Section 33.700.080* states that Land Use Review applications are reviewed under the regulations in effect at the time the application was submitted, provided that the application is complete at the time of submittal, or complete within 180 days. Therefore this application was reviewed against the Zoning Code in effect on 4/24/08.

*ORS 227.178* states the City must issue a final decision on Land Use Review applications within 120-days of the application being deemed complete. The 120-day review period may be waived or extended at the request of the applicant. In this case, the applicant did not waive or extend the 120-day review period.

**Some of the information contained in this report was provided by the applicant.** As required by Section 33.800.060 of the Portland Zoning Code, the burden of proof is on the applicant to show that the approval criteria are met. The Bureau of Development Services has independently reviewed the information submitted by the applicant and has included this information only where the Bureau of Development Services has determined the information satisfactorily demonstrates compliance with the applicable approval criteria. This report is the decision of the Bureau of Development Services with input from other City and public agencies.

**This decision, and any conditions associated with it, is final.** It may be appealed to the Oregon Land Use Board of Appeals (LUBA), within 21 days of the date the decision is mailed, as specified in the Oregon Revised Statute (ORS) 197.830. Among other things, ORS 197.830 requires that a petitioner at LUBA must have submitted written testimony during the comment period for this land use review. You may call LUBA at 1-503-373-1265 for further information on filing an appeal.

The file and all evidence on this case is available for your review by appointment. Please contact the receptionist at 503-823-7967 to schedule an appointment. Copies of all information in the file can be obtained for a fee equal to the cost for such services. You may also find additional information about the City of Portland and City Bureaus, as well as a digital copy of the Portland Zoning Code, by visiting the City's homepage on the Internet at [www.portlandonline.com](http://www.portlandonline.com).

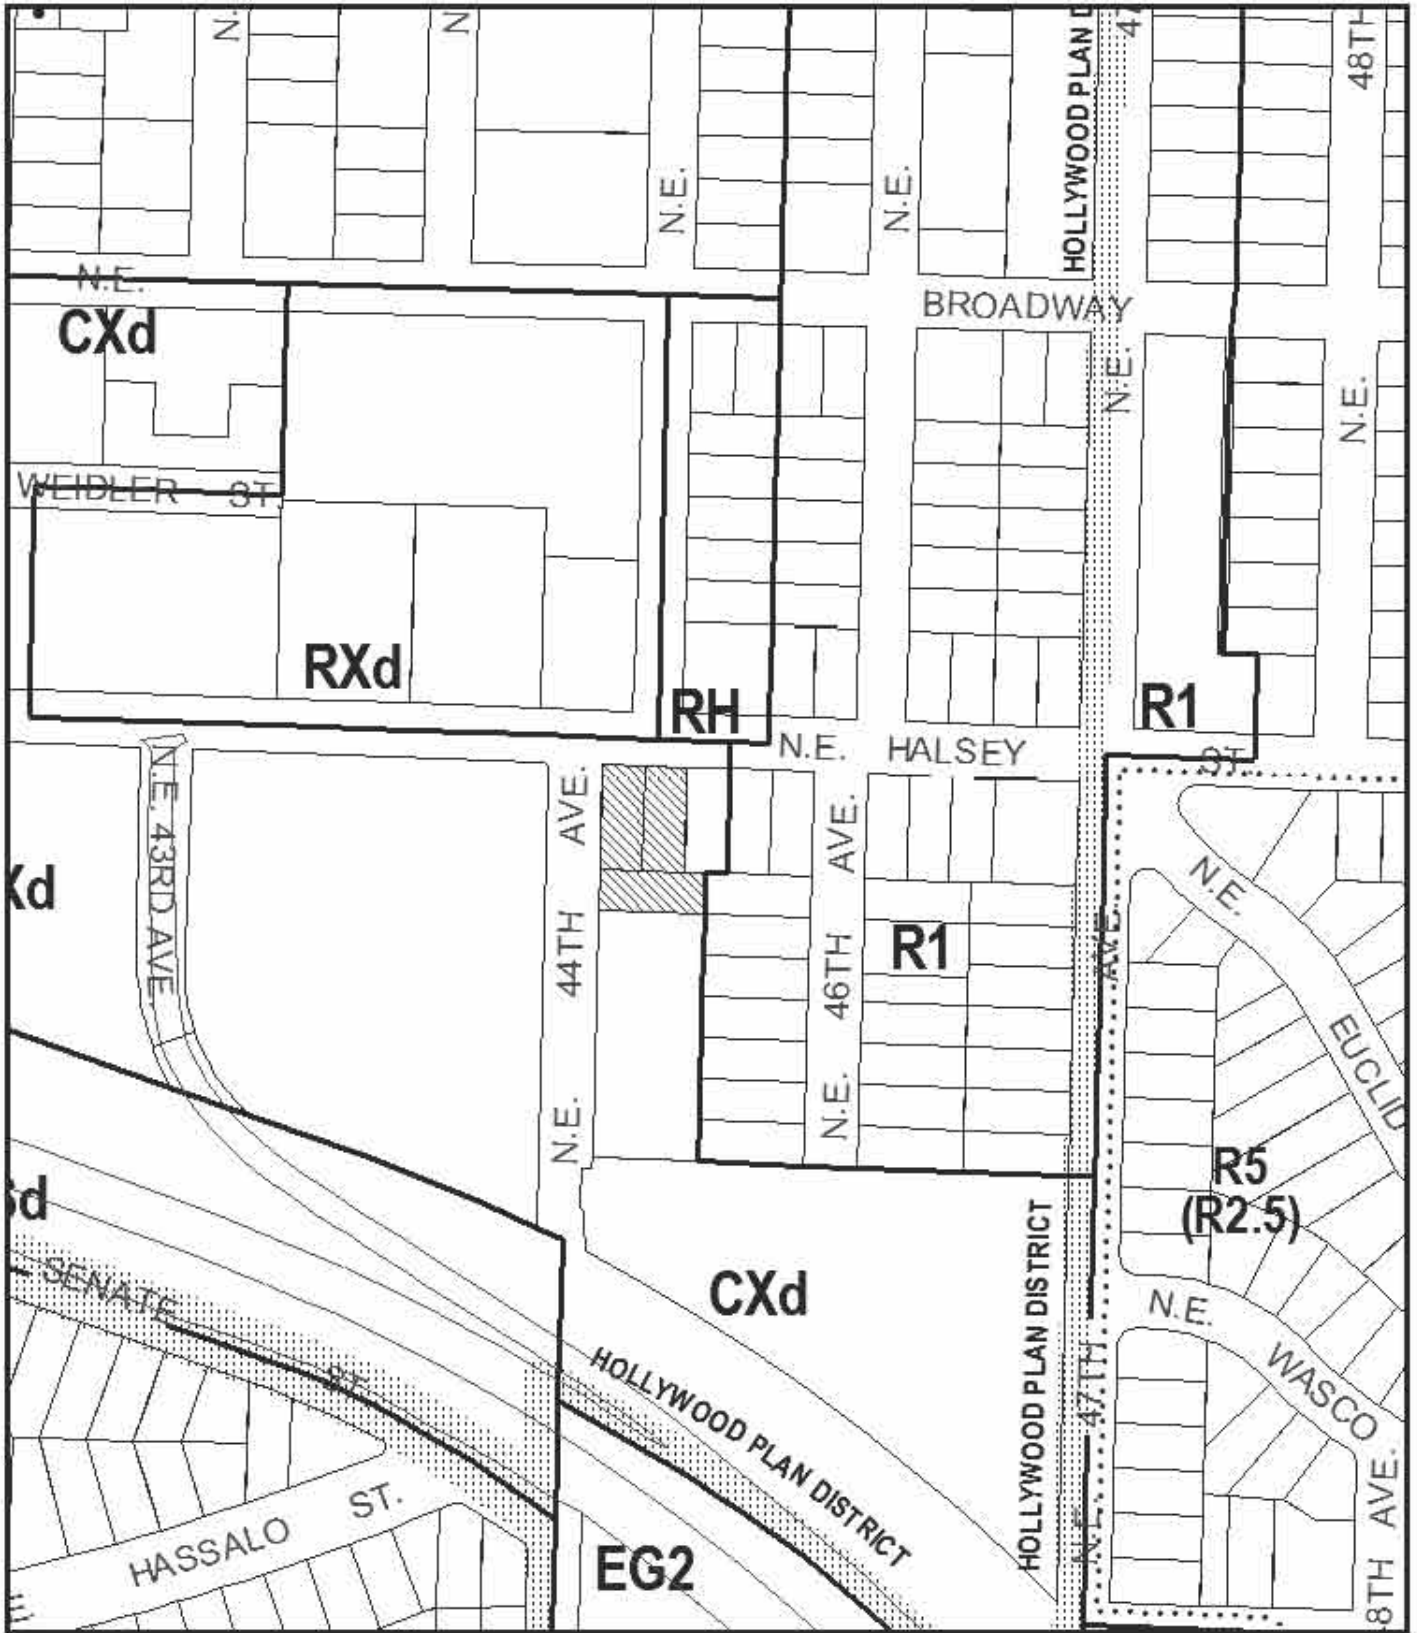

**Recording the Final Plat.** The signed plat must be recorded by the applicant with the County Deed Records within 90 days following approval by the Bureau of Development Services or the approval will be null and void.
