11-109666-000-00-EA	2800 NW FRONT AVE, 97210	PC - Required	PC - PreApplication Conference	2/1/11		Pending
<p><i>Pre-Application Conference for proposed changes at the Sulzer Pump Headquarters site, presently developed with Manufacturing &amp; Production and Office uses. The applicant proposes to replace a one-story, 13,000 square foot office building with a two-story, 30,000 square foot office building. With this new additional floor area, the site will accommodate a total of 35,800 square feet of headquarter office space, and 123,800 square feet of manufacturing space. A new parking area is also proposed north of the office addition. Because the site is located in an IH zone in the Guild's Lake Industrial Sanctuary Plan District, a Type III Conditional Use review is required to have more than 25,000 square feet of headquarter office space. Because the site is located in the River Industrial Greenway zone, which allows only river-related and river-dependent uses, a Type II Nonconforming Situation Review is required to expand the existing nonconforming Office use on the site.</i></p>
