

ATAC Meeting Notes

February 21, 2013

Attendees:

Joshua Klyber, Terry Whitehill, Ron Hays, Aron Faegre, Ed Vranizan, Kathy Bash, Nancy Thorington.

Committee has approved the final draft of Application 9: Rocket Mass Heater. Nancy Thorington will post the material on the ATAC website.

Joshua drafted a letter of support for the Appendix to the OSSC for Strawbale Construction for the ATAC to review. The committee has provided initial review

Ed Vranizan to start the redline draft of the ATAC letter of support. Ed will send a draft February 22 to the committee.

Kathy Bash suggested asking Howard Thurston structural engineer/Eco Guild to provide comment to the ATAC on the Stawbale Construction section being proposed for the appendix to the OSSC. The letter of support will have greater value if the committee seeks comment from the professional community.

Johsua will invite Howard Thurston to him to attend the March meeting. Possible dates are March 7 or 14.
