**Case Type:** AD – Adjustment Review  
**Procedure:** Type II, an administrative decision with appeal to the Adjustment Committee.

**Proposal:**

The applicant proposes to build a new 9-story, 118'-10" tall mixed-use building with retail space on the first floor, eight floors of light industrial and office uses, and basement-level parking. The proposed parking configuration includes two traditional parking spaces and 39 parking stalls within three-level semi-automatic parking machines. Per Zoning Code Section 33.266.130.F.2 and Table 266-4, the minimum width of a parking space that is oriented 90° from the aisle is 8'-6". Because the 13 mechanical parking stalls have varying widths between 8' and 8'-5", the applicant requests an Adjustment to reduce the minimum parking space width from 8'-6" to 8'.

**Relevant Approval Criteria:**

In order to be approved, this proposal must comply with the approval criteria of Title 33.805.040.

**33.805.040 Approval Criteria**

Adjustment requests will be approved if the review body finds that the applicant has shown that approval criteria A. through F. below have been met.

- A.** Granting the adjustment will equally or better meet the purpose of the regulation to be modified; and
- B.** If in a residential zone, the proposal will not significantly detract from the livability or appearance of the residential area, or if in an OS, C, E, or I zone, the proposal will be consistent with the classifications of the adjacent streets and the desired character of the area; and
- C.** If more than one adjustment is being requested, the cumulative effect of the adjustments results in a project which is still consistent with the overall purpose of the zone; **(not applicable)** and
- D.** City-designated scenic resources and historic resources are preserved; **(not applicable)** and
- E.** Any impacts resulting from the adjustment are mitigated to the extent practical; and
- F.** If in an environmental zone, the proposal has as few significant detrimental environmental impacts on the resource and resource values as is practicable. **(not applicable)**

Zoning Code Section 33.700.080 states that Land Use Review applications are reviewed under the regulations in effect at the time the application was submitted, provided that the application is complete at the time of submittal, or complete within 180 days. This application was submitted on September 13, 2016 and determined to be complete on September 28, 2016.

**DECISION MAKING PROCESS**

The Bureau of Development Services will make a decision on this proposal. We will consider your comments, and

- Approve the proposal.
- Approve the proposal with conditions.
- Deny the proposal.

The neighborhood association listed on the first page of this notice may take a position on this application. They may also schedule an open meeting prior to making their recommendation to the Bureau of Development Services. ORS 227.178 states the City must issue a final decision on Land Use Review applications within 120-days of the application being deemed complete. The 120-day review period may be extended at the request of the applicant.

The file and all evidence on this case are available for your review by appointment only. Please call the Request Line at our office, 1900 SW Fourth Avenue, Suite 5000, phone 503-823-7617, to schedule an appointment. I can provide some information over the phone. **APPEAL PROCESS**

If you disagree with the Bureau of Development Services administrative decision, you can appeal the decision to the Adjustment Committee. This review body will hold a public hearing for the appeal. When the decision is mailed, the criteria used to make the decision and information on how to file an appeal will be included. If you do not send any comments, you can still appeal the decision. There is a 14-day deadline to file an appeal beginning on the day the decision is mailed. The reason for the appeal must be specifically defined in order for the review body to respond to the appeal. If an appeal is filed, you will be notified of the time and location of the appeal hearing.

There is a fee charged for appeals. Recognized neighborhood associations may qualify for an appeal fee waiver.

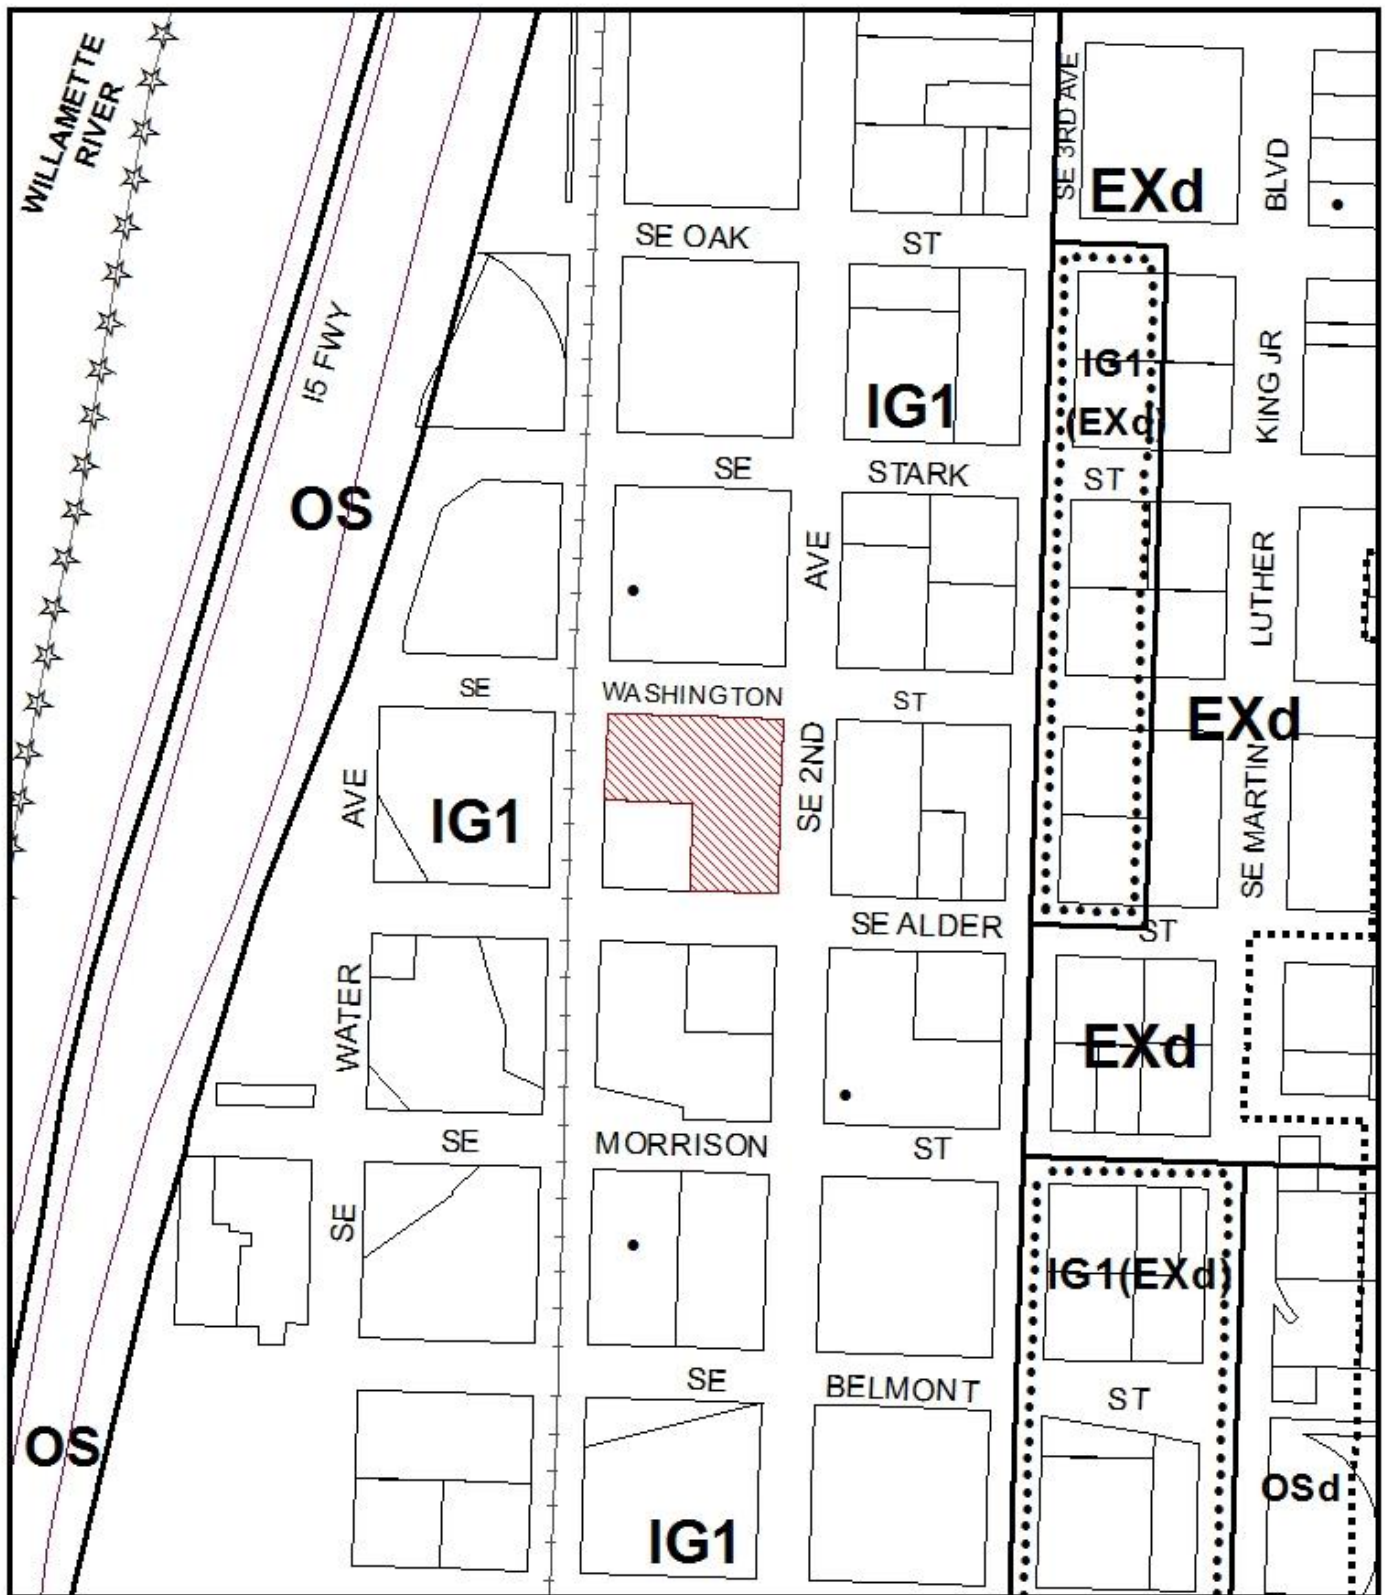

**APPEAL OF THE FINAL CITY DECISION**

After an appeal hearing, the review body decision may be appealed to the Oregon Land Use Board of Appeals (LUBA) at 775 Summer St NE, Suite 330, Salem, Oregon 97301-1283. The phone number for LUBA is 1-503-373-1265. Issues that may provide the basis for an appeal to LUBA must be raised prior to the comment deadline or prior to the conclusion of the hearing if a local appeal is requested. If you do not raise an issue with enough specificity to give the Bureau of Development Services an opportunity to respond to it, that may also preclude an appeal to LUBA on that issue.

**The Bureau of Development Services is committed to providing equal access to information and hearings. Please notify us no less than five business days prior to the event if you need special accommodations. Call 503-823-7300 (TTY 503-823-6868).**
