## 1 & 2 Dwelling Structure

# NEW Type A Accessory Short-Term Rental Permit Application

An accessory short-term rental (ASTR) is one where an individual or family resides in a dwelling unit and rents bedrooms to overnight guests for less than 30 days. The regulations allow accessory short-term rentals in all residential structure types when accessory to a Household Living use. These regulations are found in section 33.207 in the City of Portland’s Title 33 Planning & Zoning Code.

There are two types of accessory short-term rentals based on the number of bedrooms rented:

- **Type A Accessory Short-Term Rental** is one where the operator rents no more than 2 bedrooms to overnight guests. **A Type A Accessory Short-Term Rental Permit is required.**
- **Type B Accessory Short-Term Rental** is one where the operator rents between 3 and 5 bedrooms to overnight guests. **A Conditional Land Use Review is required.**

### STOP:

Only use this application form for a Type A Accessory Short-Term Rental in a structure with 1 & 2 dwelling units. Typical structure types include houses, attached houses, duplexes, attached duplexes, manufactured dwellings (manufactured home, mobile home, and residential trailer on its own lot or in a manufactured home park), accessory dwelling units (ADU), detached accessory structures, or floating homes (individual or in a moorage). Use this form if your dwelling unit is in a structure with 1 & 2 dwelling units, even if you are part of a multi-dwelling development (assortment of buildings on one site that may also include a condominium declaration). If your dwelling unit is located in a structure with 3 units or more then you must use the multi-dwelling structure application.

### Bedroom Inspections

There are two types of inspection requirements that apply to ASTR Permit approval. A BDS inspection is required for the initial permit approval and then every six years. Renewal applications (required every two years) are subject to self-certification requirements by the resident and are submitted under a different application form.

#### Initial Inspection

The Bureau of Development Services must verify that each bedroom to be rented to overnight guests:

1. Met the Building Code requirements for a sleeping room at the time it was created or converted;
2. Has a smoke detector that is interconnected with a smoke detector in an adjacent hallway, common area, or immediate vicinity of sleeping rooms; and
3. Is located on the floor of a dwelling unit equipped with a functioning carbon monoxide alarm. Carbon monoxide alarms shall be located in each bedroom or within 15 feet outside of each bedroom door. If the dwelling unit does not have carbon monoxide source, then a carbon monoxide alarm is not required.

**\*A \$97 reinspection fee will be assessed if the required smoke detectors and carbon monoxide alarms are not installed. It will also be charged if it is determined that the sleeping room(s) were not legally created or converted.**

List the location of the bedrooms you wish to have inspected for compliance with the requirements listed above (Note: You may not have overnight guests in more than 2 bedrooms at any time.)

Bedroom 1 \_\_\_\_\_

Bedroom 2 \_\_\_\_\_

Bedroom 3 \_\_\_\_\_

Bedroom 4 \_\_\_\_\_

The ASTR inspection will be limited to the three inspections items above. The inspection will not evaluate the exterior or interior conditions of the home for compliance with other building code or property maintenance standards. However, certified building inspectors have an obligation to act on and pursue correction of imminent safety hazards for the protection of occupants and overnight guests. Examples of imminent safety hazards are exposed live electrical wires observed during the inspection of the requested bedrooms or an incident of tripping or falling due to hazardous and non-compliant stairs leading to the bedrooms. These types of imminent hazards must be addressed prior to approving the Type A accessory short-term rental permit. Due to this issue, property owner signature is required below to authorize the requested ASTR bedroom inspection.

I, the undersigned property owner, request an inspection of my property located at:

Site Address: \_\_\_\_\_

I understand that should imminent safety hazards or illegal bedrooms be found to exist in the building or on the premises, they will be cited as violations and I will be required to correct the conditions regardless of the status of this permit application. I also understand that if the violations found are not corrected within thirty (30) days of the date of a violation letter, I may be subject to a monthly code enforcement fee until the violations are corrected and the property is re-inspected and approved by the Bureau of Development Services.

Date this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_\_
