

PortlandMaps.com Permit Information **ADVANCED** Search Guide

In an effort to improve public access and the usability of building permit information contained in the Portland Maps website (www.portlandmaps.com), the City of Portland Bureau of Technology Services and the Bureau of Development Services (BDS) launched an Advanced Permit Search Function.

ADVANCED SEARCH - PERMITS

Click on [**Advanced**] on the center of the navigation bar at the top of the page, then select [**Permits**] from the drop down menu.

Click on the [**Basic**] tab to search for a particular permit by:
a. IVR number (7-digit number associated with a permit)
b. Application number (6-digit permit/case/application number, e.g. 16-123456)
c. Address

In the search results, each **Application Number** is a clickable link for more detailed information, including **Work/Case Description** and **Status**. After clicking on the Application Number, click on the **Activity** bar to see each step of the review and inspection process. Contact information for the staff assigned is also listed, with a clickable link to send them an email referencing the permit. The 3 digit code for required inspections are also listed.

Activity	Type	Must Check	Activity Status	Last Activity	Completed	Staff Contact
270 Framing	Building Inspections	N	Approved	03/18/2005	03/18/2005	Shelton, John 503-823-7075

If the permit was submitted with plans from 2012 to present, the plans should be available under the **Documents** bar. Click on the ID to view the documents. A free City of Portland account is required to view the documents, and a prompt to sign in or create an account will appear.

ID	Title	Size
BDS-PS/132303	Bureau of Development Services - Permit Records - Calculations - 16-187955-000-00-CO	10,512.7 KB

Activity	Type	Must Check	Activity Status	Last Activity
Application Intake	Land Use Review	Y	Completed	04/18/2016

Click on the **[Advanced]** tab to filter records by permit type, enforcement case type, neighborhood, and date range.

Use the drop-down menus and date entry boxes to generate your desired search.

Click on the links in the result grid to view detailed information on a particular permit or case.

IVR NUMBER	APPLICATION NUMBER	STATUS
3829896	2016-180371-000-00-RS	Under Inspection
3773112	2016-124613-000-00-RS	Issued
3926300	2016-275472-000-00-RS	Issued

You can also search for all permits within a certain date range and/or search for all permits in a specific neighborhood, neighborhood coalition, or business association.

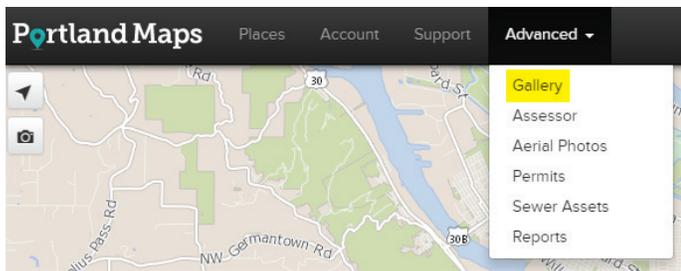

DOWNLOADING SEARCH RESULTS TO OTHER FORMATS

Click on the CSV, JSON or XML buttons to download the entire result set in the corresponding format. Use the CSV button to export the data to excel for sorting or other purposes.

MAP GALLERY

In addition to the Portland Maps Advanced Search Function, BDS has created several Portland Maps Galleries:

Development Services

MAP GALLERY

The following BDS maps can be found under “Development Services”. We will be adding more maps in the future.

- Residential Construction
- Commercial Construction
- Residential Demolitions
- Commercial Demolitions
- Enforcement Cases
- Unreinforced Masonry Buildings

City of Portland staff are available to give presentations to community or business groups on how to use these new tools. If you would like to schedule a demonstration, please contact Ross Caron at Ross.Caron@portlandoregon.gov or (503) 823-4268.

If you are interested in learning more about the Bureau of Development Services, please visit us at www.portlandoregon.gov/bds. To subscribe to receive other Bureau of Development Services notifications, visit us at www.portlandoregon.gov/bds/subscribe.
