On July 1, 2018 the new City requirements for Residential Demolitions and Major Residential Alterations and Additions became effective. New dust and site control measures for demolitions of residential structures with 1-4 units and accessory structures over 200 square feet on those sites are now required.

Topics to be discussed:

- Overview of new requirements
- Documentation required prior to obtaining a demolition permit
- Asbestos and lead-based paint certifications required for the person conducting the demolition
- Enforcement associated with the new ordinance

REGISTRATION IS NOT REQUIRED

Presented by the Bureau of Development Services.
