Subject Development Directors Meeting

Location 1900 SW 4th Ave, 2nd floor, Room 2500C

Show Time As Busy

Shortening the 4/3/18 Development Directors meeting to 1-hour to allow time to travel from the Executive Equity Committee Meeting. Development Directors Meeting on 4/3/18 is from 2:30 to 3:30 at the 1900 Building in 2500C.

Location Change!!! Moving the location of this meeting to 1900 SW 4th Ave on the eastside of the 2nd floor in Room 2500C.

Each of our bureaus have staff involved in reviewing applications for building permits, public works permits, land use reviews, etc. This meeting series is to provide a venue to support a more holistic, coordinated approach to this shared review/permitting work. I understand your bureaus also sometimes wear the hat of the applicant for CIP projects, etc. But for these meetings the focus is on your bureau's role as an application reviewer, and how our staff work together to provide permitting services to the community. This will also be a place to resolve conflicts, address systemic bottlenecks, identify priorities and resource needs, and share solutions to make the overall development review and permitting process work better.

This meeting day/time appeared to be the best time where most could attend.

There will be no meeting in November 2017. This series is scheduled for the 1st Tuesday of each month (2:00 to 3:30 pm) from December 5, 2017 through May 1, 2018.

Location Rebecca's office
Show Time As Busy

Hello Rebecca and Dan,

I've recently been asked to work on a communication plan for the Technical/BTS component of the POPS program. The goal of the plan is to keep folks informed of activities and progress, promote transparency and support collaborative team work.

To help me come up to speed on the goals and expectations for the program I am meeting with stakeholders to hear their perspectives. You have been identified as a key stakeholder and I am hoping to connect with you to discuss your thoughts. In particular, I'm interested in the following topics:

- * What outcomes is the Program trying to achieve?
- * What are the specific outputs of the Program?
- * How is success defined and how will we know when we hit it?
- * What information has been communicated?
- * What additional information would be useful?

I appreciate your feedback and look forward to working with you.

Regards,

Arron Fries
