Design Advice Requests (DAR) are a form of early assistance intended to provide feedback on early design concepts prior to Design or Historic Resource Review. This feedback is advisory and preliminary in nature. This meeting is not a land use review. Decisions are not made in the DAR process.

**DAR Application Requirements**

- Application Form - [https://www.portlandoregon.gov/bds/index.cfm?a=136435](https://www.portlandoregon.gov/bds/index.cfm?a=136435)
- Fee - [https://www.portlandoregon.gov/bds/article/727186](https://www.portlandoregon.gov/bds/article/727186)
- Drawing Sets (see reverse) and Digital Model

**Design Advice Topics**

Staff and applicant will identify approximately 4-5 issues for the Commission to discuss. Possible topics include (but are not limited to):

- Response to Context
- Compatibility with Historic Resources
- Form / Massing
- Outdoor Spaces
- Design Coherency
- Pedestrian / Public Realm
- Placemaking
- Materiality
- Parking / Loading
- Potential Modifications / Adjustments

**Public Meeting Procedure**

- Applicants must bring a digital copy of the presentation (drawings & model). Presentation boards, easels & material samples are optional.
- Public meeting order and timing:
  - **Staff Introduction** 5 minutes
  - **Applicant Presentation** 20 minutes
  - **Staff Discussion Topics** 5 minutes
  - **Public Comments** 2 minutes each
  - **Commission Discussion** 30-45 minutes
- DARs are usually about 90 minutes.
- The meeting audio is recorded by staff and summary notes are sent to participants within 14 days and posted online.

**Deliverables Timeline**

Design Advice Request meetings are scheduled by staff following the initial submittal. Meetings are scheduled 5-7 weeks after the submittal date and may be rescheduled by staff as the Commission agenda requires. The DAR fee covers one meeting and corresponding noticing. A re-noticing fee will be charged when the DAR meeting is rescheduled at the applicant’s request.

- Commission meeting date
  - Approximately 5-7 weeks from submittal
- Applicant’s draft drawing set due
  - 21 days prior to meeting date
- Applicant must post site
  - 21 days prior to meeting date
- Applicant’s final drawing sets due
  - 14 days prior to meeting date
- Mailing of summary notes by city staff
  - 14 days following the meeting date
The following information may be provided as part of the DAR application. Submittals may vary based on project scope, however, applicants should be prepared to discuss the following elements of the proposal. Items in **bold** are required at time of submittal. Items in *italics* may be helpful to facilitate discussion at the DAR meeting. Work with your assigned planner before submitting final drawings to ensure that all relevant information is included.

Three (3) drawing sets are needed for the initial submittal. For final drawing sets (due 14 days prior to the meeting date):

- Ten (10) drawing sets printed at 11”x17” and 1 digital copy (PDF)
- Staple or clip at upper left corner with each page labeled in bottom right corner with case number (EA xx-xxxxxx DA) and numbered sequentially as Exhibit C.1, Exhibit C.2, etc.

Design Guidelines are used to guide the conversation during the DAR because they are the approval criteria used in Design Review and Historic Resource Review. Design Commission feedback will relate to the concept’s response to the context, public realm, and quality. Guidelines generally address one or more of these three design tenets. The Historic Landmarks Commission typically organizes their feedback based on macro- and micro-level issues related to the applicable approval criteria. Design Guidelines can be found online at: portlandoregon.gov/designguidelines

### 1. Project Summary
- **Team Information**
- **Summary of Development Program**
- **Sheet Index**

### 2. Context Study
- **Zoning Summary**
- **Plan Area Context**
  - Proposal Set in Urban Design Concept Diagrams
  - Urban Context (3-block radius)
    - Public Amenities
    - Open Space
    - Historic Resource Context
    - Multi-Modal Circulation Plan
    - Pedestrian & Vehicle Access Points
- **Site Context (1-block radius)**
  - Existing Conditions Plan
  - Curb-Cuts
  - Adjacent Rights-of-Way
  - Easements
  - Pedestrian & Vehicle Access Points
  - Utility Plan / UVE
  - Constraints & Opportunities
- **Existing Site & Vicinity Photos**

### 3. Concept Design
- **Story of Project’s Evolution**
  - Options Studied
  - Concept Diagrams
  - Preferred Massing & Design
- **Proposed Site Plan**
- **Zoning Height Base Point**
- **Ground Level Plan**
- **Typical Upper Floor Plan**
- **Roof Plan**
- **Preliminary Open Space Concept**
- **Preliminary Building Elevations**
- **Material Concept(s)**
- **Perspectives Set in Context**
- **Representative Image of Project**
- **Anticipated Modifications / Adjustments**

### DAR Drawing Set Requirements

Please don’t get ahead of us

DAR’s are intended to align with the schematic design phase of the architectural design process. The following information and drawings should not be presented at a DAR:

- Fully developed site, floor, and roof plans
- Detailed elevations
- Fully rendered images
- Final material selections
- Cutsheets for specific building elements
- Detailed landscape plan
