**Relevant Approval Criteria:**

In order to be approved, this proposal must comply with the criteria of Title 33. The relevant criteria are:

- Community Design Guidelines.

Zoning Code Section 33.700.080 states that Land Use Review applications are reviewed under the regulations in effect at the time the application was submitted, provided that the application is complete at the time of submittal, or complete within 180 days. This application was submitted on May 23, 2018 and determined to be complete on date.

**DECISION MAKING PROCESS**

The Bureau of Development Services will be making a recommendation on this proposal; our report and recommendation will be available 10 days before the hearing. The Staff report will be posted on the Bureau of Development Services website. Look at [www.portlandonline.com](http://www.portlandonline.com). On the left side of the page use the search box to find Development Services, then click on the Zoning/Land Use section select Notices and Hearings. Land use review notices are listed by the District Coalition shown at the beginning of this document. The file and all evidence on this case are available for your review by appointment only. Please call the Request Line at our office, 1900 SW Fourth Avenue, Suite 5000, phone 503-823-7617, to schedule an appointment. I can provide some information over the phone. Copies of all information in the file can be obtained for a fee equal to the cost of services. Additional information about the City of Portland, city bureaus, and a digital copy of the Portland Zoning Code is available on the internet at <http://www.portlandonline.com/auditor/index.cfm?c=28197>.

The neighborhood association, listed on the first page of this notice, may take a position on this application and may have scheduled an open meeting prior to making their recommendation to the Bureau of Development Services. Please contact the person listed as the neighborhood contact to determine the time and date of this meeting.

To comment, you may write to the Bureau of Development Services, 1900 SW Fourth Ave., Suite 5000 or FAX your comments to 503-823-5630; or you may testify at the hearing. In your comments, you should address the approval criteria. The Hearings Officer does not accept comments via e-mail. Please refer to the file number when seeking information or submitting testimony. Written comments must be received by the end of the hearing. Please note that all correspondence and testimony received will become part of the public record. The applicant and Bureau of Development Services staff will be at the hearing to answer questions and respond to comments. The general order of appearance for oral testimony at the hearing is as follows: Bureau of Development Services staff report, applicant testimony, testimony of interested parties who wish to ask questions or testify, staff response and closing comments, and applicant's closing

comments. Design Commission will make a decision about this proposal at the hearing or will grant a continuance.

The applicant and proponents have the burden of proof to show that each and every element of the approval criteria are satisfied. In order to prevail, the opponents must persuade the Design Commission to find that the applicant has not carried the burden of proof with regard to one or more of the approval criteria. The opponents may also explain to the Design Commission how or why the facts asserted by the applicant are not supported by evidence in the record. Opponents may wish to recommend conditions of approval which will make the proposal more acceptable, if approved.

Prior to the conclusion of the hearing before the Design Commission, any participant may request an opportunity to present additional evidence or testimony regarding the application. If such a request is made, the record will be held open for seven days to receive the new evidence and the record shall be held open for at least an additional seven days to provide the other parties an opportunity to respond to that new evidence. *ORS 227.178* states the City must issue a final decision on Land Use Review applications within 120-days of the application being deemed complete. The 120-day review period may be extended at the request of the applicant.

#### **APPEAL PROCESS**

You can appeal the decision of the Design Commission to the City Council. If appealed, City Council will hold an evidentiary hearing. New evidence can be submitted to the City Council in the event of an appeal of an evidentiary hearing. A fee is charged for appeals. Recognized neighborhood associations may qualify for an appeal fee waiver. The City Council's decision may be appealed to the Oregon Land Use Board of Appeals (LUBA). Failure to raise an issue in person or in writing by the close of the record at or following the final evidentiary hearing on this case may preclude an appeal to LUBA on that issue. Also, if you do not provide enough detailed information to the Design Commission, they may not be able to respond to the issue you are trying to raise. In such a situation an appeal to LUBA based on that issue may not be allowed.
