Erosion & Sediment Control Manual Update
DRAC June 20, 2019

Background

- Last updated in 2008
- Identified by City as high priority item to respond to EPA Audit (2013)
- Applies to ground disturbing activity associated with private development, City-managed development (projects in rights of way or other City projects), and situations where a permit is not required.
- Joint BES/BDS led project. Consultant retained.

General Scope (as of 6/20/19)

- Technical update
- Some reorganization to increase clarity, increase usability
- Update/create implementation tools; some completed with the Manual, others subsequently (i.e. checklists, examples, drop-in details, others)
- Not proposing major changes to Title 10, Erosion & Sediment Control Regulations
