Plant Lists

For more information about a number of these plants, please visit the [Portland Plant List](#). No plants off the Portland Nuisance Plant List area allowed in stormwater management facilities or drainageways (See Section 4.1 of the [Portland Plant List](#)). A number of other plants may be appropriate for private stormwater management facilities – see Section 2.4 (Deciduous Forested Wetlands and Floodplains), Section 2.5 (Scrub-Shrub Wetlands) and Section 2.6 (Marsh) of the [Portland Plant List](#). Additionally, see the [Bureau of Development Services Tree and Landscaping Manual](#) for plant suggestions that also meet required landscaping and screening goals.
