WATER SYSTEM CONSTRUCTION WORK COMING SOON TO YOUR AREA

September 10, 2019

WHERE: SE Morrison at 34th Ave.

WHEN: Week of September 16th, 2019

As part of the Bureau of Environmental Services Sunnyside North Green Street and Sewer Project, the Portland Water Bureau will be relocating water mains and reconnecting individual water service lines in your area beginning next week. There are two impacts of note to residents:

- The intersection of SE Morrison St. and 34th Ave. will be closed during construction hours. Please use alternate routes around the construction site.
- Crews will perform night work on Friday September 20th from 10 p.m. to 7 a.m. Saturday September 21st. This work is necessary to accommodate businesses and residents who will experience a water service disruption. **IF YOUR WATER SERVICE WILL BE DISRUPTED, YOU WILL RECEIVE A SEPARATE MAILING.**

PUBLIC NOTIFICATION ON CITY NOISE PERMIT REQUEST

We have applied to the City of Portland for a Noise Variance Permit to allow construction during the hours of 12 p.m. (midnight) on Friday September 20 to 6 a.m. Saturday September 21.

This last stage of the work must be performed at night in order to accommodate the businesses and residences in the area that will experience a water service disruption. **IF YOUR WATER SERVICE WILL BE DISRUPTED, YOU WILL RECEIVE A SEPARATE MAILING.**

You have the legal right to comment on our permit request and may offer input or complaints at any point to the City of Portland. If we do not meet the conditions of our permit the City retains the right to revoke our permit. It is our goal to be a good neighbor and public partner and to comply with all conditions set by the City's Noise Control Office, 503-823-7350.

The noise will be caused by, excavation, dump trucks, backhoes and pipe-saws. If you have any questions you can reach me before the construction begins at 503-823-1168.

During construction hours, please call Jonathan Jaramillo-Figueroa at 503-823-6443 for an immediate response to any of your concerns.

If you have questions about the permitting process, or if you have comments you wish to share with the City, you can contact the City's Noise Control Office at 503-823-7350.
