Industrial & Commercial Environmental Survey

The City of Portland (the City) is required by the federally mandated Pretreatment Program (40 CFR 403.8(f)(2)), to develop and implement procedures that:

1. Identify and locate all possible industrial and Commercial Users which might be subject to the Publicly Owned Treatment Works (POTW) Pretreatment Program requirements.
2. Characterize the type and volume of pollutants contributed to the POTW by the Industrial and Commercial Users as identified under (1) above.

By completing the *Industrial and Commercial Environmental Survey*, you are helping the City complete its requirements.

Confidential Information

As outlined in 40 CFR 403.14 (a)-(c) and ORS 192.430, any information submitted to the City under the Pretreatment Program requirements may be claimed as confidential by the submitter. Any such claim must be asserted at the time of submission in the matter prescribed on the application form or instructions, or, in the case of other submissions, by stamping the words "confidential business information" on each page containing such information. If no claim is made at the time of the submission, the City may make the information available to the public without further notice. If a claim is asserted, the information will be treated in accordance with the procedures in 40 CFR part 2 (Public Information) and ORS 192.440(2).

Information and data provided to the City under these requirements which are effluent data shall be available to the public without restriction.

All other information which is submitted to the State of POTW shall be available to the public at least to the extent provided by 40 CFR 2.302 and ORS 192.440(2).

Hazardous Materials

40 CFR 403.-12(p)(1) specifies that an Industrial User (IU) shall notify the POTW of any discharge into the POTW of a substance, which, if otherwise disposed of, would be a hazardous waste under 40 CFR 261. If the IU discharges more than 100 kilograms of such waste per calendar month to the POTW, the notification shall also contain information to the extent such information is known and readily available to the IU.

For information about Resource Conservation and Recovery Act (RCRA) hazardous waste, contact the Oregon Department of Environmental Quality (ODEQ) at (503) 229-5615 or (503) 229-5165.
