Any excess vacation granted will be deducted from the member's final vacation pay-off at separation from service.
- E. Seniority for the selection of vacation shifts shall be total bureau seniority. Except for Battalion Chiefs, selections shall be made one vacation choice at a time, starting with the employee with the most bureau-wide seniority rotating down the entire Bureau seniority roster through the least senior employee and returning to the most senior employee for the second choice; this rotation will continue until all vacation slots are filled, all employees have selected the vacation shifts they want or all employees are out of accumulated vacation. A vacation choice is one or more consecutive shifts of vacation. The first vacation choice cannot exceed the employee's previous year's total accumulation.
- F. A count of the remaining vacation slots will be announced prior to each selection rotation.
- G. Except for Battalion Chiefs, the vacation sign up will be held during the last ten (10) days in January, for the next year's vacation usage; employees will make their selections for the period February 1 through January 31.
- H. Except for Battalion Chiefs, the maximum number of 24/48 schedule members, including company officers, allowed on vacation shall be no more than one-fifth (1/5) of the total suppression personnel on each day. The maximum number shall be 35.
- I. No member shall lose any vacation as a result of the lack of vacation slots. To this end employees agree to make a reasonable effort to use their vacation to avoid exceeding the maximum accumulation allowed in this article.

If an employee has made a reasonable effort to use their vacation but is unable to schedule the minimum shifts necessary to stay under the maximum accumulation, the following steps will be taken. First, after the regular rotations described in section E, above, are completed, these employees will select among any remaining vacation slots in the bureau based on their bureau-wide seniority on the same rotational basis. Employees will be required to select at least one shift per rotation. Second, any vacation remaining to these employees after all City vacation slots are filled will be held over until the next year's selection. Any vacation held over in this manner must be used with one additional shift of vacation for the employee's first selection of the next year.

- J. An employee who is regularly scheduled to work forty (40) hours per week may elect to "bank" vacation leave in a manner similar to that which is provided in the subsection below. Employees who elect to "bank" said vacation leave shall notify the bureau of their intent to do so no later than the end of the first pay period ending in December of each year. Said notification shall clearly state the number of hours to be "banked," certify that said hours are vacation hours as provided herein and be signed by the employee.

- K. When an employee transfers from a 42 hour or 24/48 schedule to a 40-hour schedule, the vacation balance will be converted to a 40-hour equivalent. If the converted vacation total is in excess of the 40-hour maximum accrual, the employee may immediately elect to have the excess amount removed from the employer's computerized report to be reinstated when they transfer back to a 42 or 24/48 hour schedule. This additional time will not be used or lost for the duration of the 40-hour assignment and can only be used for retirement payoff or pursuant to subsection C above.
- L. The conversion factor for employees who transfer between 24/48 schedule and 40-hour shifts is 1.2981 (.7704) and 24/48 schedule and 42 is 1.2362 (.8089). Effective January 1, 2014, the conversion factor for employees who transfer between 24/48 schedule and 40-hour shifts is 1.2923 (.7738) and 24/48 schedule and 42 is 1.2307 (.8125). These conversion factors apply to the conversion for vacation and all other accruals except for sick leave.
- M. An employee regularly scheduled to work forty (40) hours per week who has vacation "banked" pursuant to subsection J and who retires may receive a payoff of up to 270 hours of the excess vacation that was "banked". For clarification, it may be possible that an employee could receive a payoff of the value of up to 270 "banked" vacation hours in addition to the maximum of hours of non-banked vacation.
- N. If an employee who has vacation "banked" pursuant to subsection K above subsequently retires before transferring back to a 42 or 24/48 schedule, up to 270 hours of the excess vacation that was "banked" shall be paid off at the 40 hour rate. Under this unique circumstance, it may be possible that an employee could receive a payoff of the value of up to 270 "banked" vacation hours in addition to the maximum of hours of non-banked vacation.
- O. If an employee who has vacation "banked" pursuant to subsection J or subsection K above qualifies for Family Medical Leave under federal and/or state law, and the employee has otherwise used all of his/her vacation time, the vacation that was "banked" shall be available for use during the qualifying family leave.

ARTICLE 11 – SICK LEAVE

- A. Sick leave credit shall be accumulated at a bi-weekly rate of 4 hours for those employees working a forty (40) hour-per-week shift, 4.2 hours for those working a forty-two (42) hour-per-week shift, and approximately 5.208 hours for those employees working a 24/48 schedule.

Sick leave utilization shall be available after three (3) months' employment.

Forty (40) and forty-two (42) hour employees will be permitted to use a maximum of fourteen (14) consecutive calendar days of sick leave without a physician's certificate. A physician's certificate is required when off duty more than fourteen (14) consecutive calendar days.

24/48 schedule members will be permitted to use a maximum of four (4) consecutive twenty-four (24) hour shifts' sick leave without a physician's certificate. A physician's certificate is required when off duty more than four (4) consecutive twenty-four (24) hour shifts.

The required certificate mentioned above must be submitted upon return to duty but in no case longer than the 31st day from the initial day of sick leave. A certificate must also be submitted for each continuous 60-day period that an individual is off following the 31st day. The 60-day certificate requirement can be waived at the Bureau's discretion for those on extended sick leave.

At the time a certificate is submitted, the member shall provide the Battalion Administrative Captain with one of the following: date of return to duty, date of anticipated return to duty, or date of next physician appointment.

Notwithstanding the above, the Fire Bureau may request, for cause, an employee to provide a physician's certification for sick leave.

There shall be no requirement that an employee stay at home during his/her normal working hours while he/she is on sick leave.

- B. The conversion factor for employees who transfer between the 24/48 schedule and 40-hour shifts is 1.302 (.768) and 24/48 schedule and 42 is 1.24 (.806).
- C. An employee who is classified as FPD&R Tier 1 or 2 or FPD&R Tier 3/PERS OPSRP who has accumulated sick leave at the time of his/her retirement shall receive payment for such sick leave in an amount computed as follows:
 - 1. An employee on a 40-hour-per-week work schedule shall receive payment in an amount equal to thirty (30) percent of the first four hundred and eighty (480) hours of accumulated sick leave, fifty (50) percent of the second four hundred and eighty (480) hours, and seventy (70) percent of all accumulated sick leave in excess of nine hundred and sixty (960) hours up to a maximum of 2064 hours.
 - 2. An employee on a 24/48 schedule shall receive payment in an amount equal to thirty-(30) percent of the first six hundred and twenty-five (625) hours of accumulated sick leave, fifty (50) percent of the second six hundred and twenty-five (625) hours, and seventy (70) percent of all accumulated sick leave in excess of twelve hundred and fifty (1250) hours up to a maximum of 2,688 hours.

The cash value of such sick leave payment will be calculated on the basis of the employee's pay rate at the time of retirement.

- D. **Public Employee Retirement System Members.** Individuals covered by the Public Employee Retirement System (PERS) Tier 1 or 2 shall be permitted to convert unused sick leave upon retirement in accordance with ORS 238.350 and PERS administrative rules.
- E. The City will pay lump sum cash payment equal to one hundred percent (100%) of unused sick leave to the surviving dependents, or an estate established for the

sole purpose of caring for such dependents, of any employee who dies prior to retirement.

- F. In the event a Fire Fighter is killed or dies from an injury sustained in the line of duty or dies from an occupational disease incurred at the emergency scene within one month of the incident the City will furnish to the surviving spouse or heirs the sum of \$12,000.00 to help with the funeral costs.
- G. In situations where an employee's spouse, parent, child or other person for whom the employee is legal guardian, becomes ill or injured and alternate means of transporting or caring for such person cannot be arranged immediately by the employee, the employee shall be permitted to use vacation time or sick leave. The maximum number of hours of sick leave that may be used per year as provided in this section is forty (40) hours for a 4-hour employee, forty-two (42) hours for a 42-hour employee, 51.69 hours for a 24/48 employee of sick leave per year may be used as provided in this section. The employee shall be required to submit a doctor's certificate for any absence of three (3) days or more within a period of five (5) working days or more than one (1) shift.

ARTICLE 12 – OTHER LEAVES

- A. Upon sufficient notification, the City shall grant leaves of absence without pay to employees covered by this Agreement for the purpose of attending, as official delegates, union conventions for purposes directly related to and central to the collective bargaining relations between the parties to the extent that such leaves can be granted without interfering with the reasonable needs of the Bureau of Fire.
- B. Upon showing a reasonable purpose, an employee may be granted a leave of absence for a period agreed upon by the employee and City administration. Such leave may not be used for the purpose of engaging in outside employment.
- C. **Funeral Leaves.** An employee absent from duty by reason of the death of his or her spouse, domestic partner, parents, children, step children, grandparents-in-law, step parents, step brother, step sister, step grandparents, son-in-law, daughter-in-law, grandparents, great-grandparents, grandchildren, sister, brother, father-in-law, mother-in-law, sister-in-law, brother-in-law, or equivalent relative of an employee with a domestic partner shall be allowed three (3) days' funeral leave without deduction of pay on account of such absence. 24/48 schedule personnel will be allowed one (1) shift of funeral leave without deduction of pay on account of such absence.

With the approval of the Fire Chief (or his/her designee) an additional two (2) days' leave to a maximum of 40 total hours of funeral leave for forty (40) hour personnel, 42 total hours for forty-two hour personnel two (2) twenty-four (24) hour shifts for 24/48 schedule personnel shall be allowed for necessary funeral travel time or, under exceptional circumstances, any other purpose relative to a funeral.

- D. **Emergency Leave.** Upon proper notification to his/her immediate supervisor any member may be granted one emergency leave day per year with approval by the On-Duty Deputy Chief through the chain of command. This day shall

come off the member's following year vacation allotment. Requests for leave for a legitimate emergency shall not be arbitrarily denied.

- E. **Family Leave.** Family Medical Leave under the Oregon Family Leave Act (OFLA) and the federal Family and Medical Leave Act (FMLA), referred to collectively as family leave, shall be provided in accordance with applicable state and federal laws. For purposes of family leave, the City agrees that "spouse" includes "domestic partner."
1. If a member has qualified for family leave and has exhausted all other forms of paid leave, the member may use sick leave in cases of a "serious health condition" as defined in state law for the member's immediate family as defined by the OFLA and Articles 11 and 12 of this Labor Agreement. If the duration of a member's family leave is longer than the amount of the member's accrued paid leave other than sick leave, the member may choose to be placed on unpaid leave of absence or sick leave. However, a member may choose to reserve a total of 80 hours if working a 40 hour per week schedule, 84 hours if working a 42 hour per week schedule, or 120 hours if working a 24/48 schedule, a combination of compensatory time and vacation leave for future use. In no event may a member use sick leave under this section to extend family leave beyond twelve (12) weeks per calendar year.
 2. No member will be forced to go on Family Medical Leave (FML), whether OFLA or FMLA, without the member's consent. This does not change the provisions of the contract that relate to use of accrued sick and vacation leaves for non-FMLA/OFLA leave.
 3. Members will be permitted to choose the type of accrued leave (sick leave, vacation leave, or compensatory time) they wish to use for their own Family Medical Leave.
 4. Trade time use is permitted per the General Order.

ARTICLE 13 – EXISTING CONDITIONS

- A. All mandatory conditions of employment relating to wages, hours, and working conditions not specifically mentioned in this Agreement shall remain at not less than the level in effect at the time of the signing of this Agreement. Any disagreement between the Union and the City with respect to this section shall be subject to the Grievance Procedure.
- B. **Issuing Changes in Orders, Rules or Procedures.** The following number General Orders are agreed may affect working conditions. The City agrees to notify the Union prior to implementing changes in any such General Orders. The City agrees to confer about the results of such changes if requested to do so, within ten (10) days of receipt of the notice to the Union.

Nos. 6, 13, 15, 27, 28, 31, 34, 38, 39, and 42.

- C. The Union shall have the right to appoint one member to the Fire Bureau's Administrative Publications Committee (General Orders Committee). The duties and responsibilities of the Committee will be determined by the Chief.

The Union member of the Committee shall have all the rights and privileges accorded other members.

ARTICLE 14 – GRIEVANCE, COMPLAINTS AND ARBITRATION

Section 1. General. To promote better employer-employee relationships, both parties pledge their immediate cooperation to settle any grievance or complaints that might arise out of the application of this Agreement and the following procedure shall be the sole procedure to be utilized for that purpose. Any settlement of a grievance under this Article which would alter or amend the terms of this agreement or any side bar agreement or memorandum of understanding shall not be binding on either party unless the settlement, or memorandum of understanding or a side bar agreement, is approved in writing by the president of the Union and the Director of the Bureau of Human Resources. Facts and practices that occurred prior to October 28, 1994 shall not be relevant nor be used as a basis for any grievance raised by any Fire Battalion Chief.

Section 2. Process.

Step 1. The aggrieved employee or the Union, with or without the employee, may take up the grievance or dispute with the employee's supervisor outside the bargaining unit within fourteen (14) calendar days of its occurrence.

Step 2. If the matter is not settled within fourteen (14) calendar days of reference to the supervisor, the matter shall be reduced to writing, including but not limited to the nature of the grievance, the section of the contract allegedly violated, specifically how the contract has been violated, and any requested action, and presented to the Chief within fourteen (14) calendar days of the expiration of the fourteen (14) calendar-day period for settlement with the supervisor.

Step 3. If the matter is not settled within fourteen (14) calendar days of receipt by the Chief, the Union shall have the right to submit the grievance in writing to the Human Resources Director within fourteen (14) calendar days of the expiration of the fourteen (14) calendar-day period for settlement with the Bureau Head. The Human Resources Director shall make a recommendation to the Commissioner in charge.

Step 4. Should the parties fail to settle the dispute at the level of the Human Resources Director and Commissioner in charge within fourteen (14) calendar days from the date of submission to the Human Resources Director, the Union shall have the right to submit the matter to arbitration. In the event the Union elects to do so, it must notify the Human Resources Director of its decision in writing within fourteen (14) calendar days from the expiration of the fourteen (14) calendar day period for settlement with the Human Resources Director. After the grievance has been so submitted, the parties or their representatives shall jointly request the Employment Relations Board for a list of names of seven (7) arbitrators. The parties shall select an arbitrator from that list by such method as they may jointly select, or if they are unable to agree upon a method, then by the method of alternate striking of names under which the grieving party shall strike the first name objectionable to it, and the Employer shall then strike the first name objectionable to it. The final name left on the list shall be the arbitrator.

The arbitrator's decision shall be final and binding on both parties, but the arbitrator shall have no power to alter in any way the terms of this agreement. The decision of the arbitrator shall be within the scope and terms of this agreement and the arbitrator shall be requested to issue the decision in writing, indicating findings of fact and conclusion, to both parties within thirty (30) days after the conclusion of the proceedings, including filing of briefs, if any. It may also provide retroactivity not exceeding sixty (60) days prior to the date the grievance was filed and shall state the effective date.

Expenses for the arbitrator's services and the proceedings shall be borne by each party in equal share. However, each party shall be responsible for any other expenses incurred by them.

The parties agree that the grievance procedure is the exclusive remedy for disputes regarding issues covered by the bargaining agreement. As such, the parties agree not to represent or support actions by employees, outside of the grievance procedure, on issues covered by the bargaining agreement. This does not prohibit the Union from using any outside process, as provided by ORS 243.650 to 243.782, for enforcement of the contractual grievance procedure.

ARTICLE 15 – NO DISCRIMINATION

The provisions of this Agreement shall be applied equally to all employees in the bargaining unit without discrimination as to age, marital status, race, color, sex, sexual orientation, creed, national origin, handicap status, religion, political affiliations, or Union affiliation. All references to employees in this Agreement designate both sexes, and wherever the male gender is used, it shall be construed to include male and female employees. The Union shall share equally with the City the responsibility for applying the provisions of this Article.

The City agrees not to interfere with the rights of employees to become members of the Union, and there shall be no discrimination, interference, restraint or coercion by the City or City representatives against any employee solely because of Union membership or because of any employee activity in an official capacity on behalf of the Union, or for any other cause, provided such activity or other cause does not interfere with the effectiveness and efficiency of City operations in carrying out its responsibility to the public.

ARTICLE 16 – SENIORITY

The Fire Bureau shall maintain, in their General Orders, a procedure for review of probationary employees. The Union President shall receive notice of revisions in the Probationary General Order 10 days prior to its implementation. All members that are involved in a one (1) year probationary period will be excluded from traveling status until they have successfully passed that probationary period, at which time they will enter the traveling pool. It is not the intention of the City to use probationary employees to replace Paramedics on ALS rescues.

In the event of a layoff for any reason, employees shall be laid off in the inverse order of their seniority in their classification. Any employee who is to be laid off who has advanced to his/her present classification from a lower classification in which s/he held a permanent appointment shall be given a position in a lower

classification. His/her seniority in the lower classification shall be established according to the date of his/her permanent appointment to that classification. Employees shall be called back from layoff according to seniority in the classification from which the employee was laid off. No new employees shall be hired in any classification until all employees on layoff status in that classification have had an opportunity to return to work.

ARTICLE 17 – EDUCATION BENEFITS

The parties agree that:

- A. With prior approval, the City will reimburse tuition costs for successful completion of approved courses taken at an accredited college.
- B. Bargaining unit members attending approved courses may use vacation or compensatory time to attend classes when such classes occur while they are on duty. Vacation or compensatory time shall be used in a minimum four (4) hour block. For any classes requiring more than four hours, vacation or compensatory time shall be rounded up to the next half-hour. Members may use less than four (4) hours of vacation or compensatory time for classes that begin at the start of the member's shift.
- C. The bargaining unit member shall provide a schedule of vacation or compensatory time being requested at the time of enrollment into the class. Unless otherwise authorized by Battalion Headquarters staff, the bargaining unit member requesting use of vacation or compensatory time to attend class must provide at least seventy-two (72) hours' notice.
- D. Reimbursement is limited to thirteen-and-a-half (13.5) quarter hours per fiscal year. Note: Three (3) semester hours is equal to four and one-half (4 ½) quarter hours. Reimbursement will be for actual cost of tuition, not to exceed the current cost of twelve (12) under-graduate credit hours at Portland State University. Disbursement shall only be made to City employees.
- E. Reimbursement is authorized for tuition and registration fees only. Other expenses will not be covered.
- F. The City's maximum obligation shall be Twenty Thousand Dollars (\$20,000) per year for eligible applications submitted by the appropriate due date.
- G. Class attendance will be non-compensable time.
- H. The Chief or his/her designee may require additional education which will not be charged against the thirteen-and-a-half (13.5) quarter hours maximum.
- I. The City will provide a copy of all listed promotional study material to each station for its library. In addition, the City will provide copies of all study materials for each declared promotional candidate in electronic or printed form. Any original textbook shall be considered to be on loan, may not be marked in or defaced, and must be returned at the end of the promotional process in substantially the same condition as issued.

ARTICLE 18 – HEALTH AND WELFARE

A. Labor/Management Benefits Committee

- 1) The parties agree to the continuation of the citywide Labor/Management Benefits committee. The committee will consist of 16 members. One member shall be appointed from each of the following labor organizations: the District Council of Trade Unions (DCTU), the Portland Fire Fighters' Association (PFFA), the City of Portland Professional Employees Association (COPPEA), AFSCME, Local 189 representing Emergency Communications Operators (BOEC), Municipal Employees, Local 483 representing Recreation Instructors (Recreation) and the Portland Police Commanding Officers Association (PPCOA), AFSCME Local 189 representing the Portland Housing Bureau (PHB) and, effective July 1, 2017, Portland City Laborers. The remaining eight (8) members shall be appointed by the City.
- 2) A quorum of 12 voting members is required for the committee to take action. An absent committee member may designate a substitute with full voting authority. Any committee member may invite one or more visitors to attend committee meetings.
- 3) The committee shall select its chairperson, who shall serve at the will of the committee.
- 4) In order to make a recommendation to the City Council, at least 12 committee members must vote in favor of the recommendation. The committee shall be responsible for establishing internal committee voting and decision-making processes.
- 5) Members of the committee shall be allowed to attend committee meetings on-duty time. In the event meetings are scheduled outside the regular shift hours of a committee member, the City shall make every effort to adjust the shift of the member to allow the member to attend while on duty.
- 6) The committee shall meet at least quarterly, and shall make written recommendations regarding plan design changes in the employee benefits program to the City Council no later than April 1st of each year.
- 7) The City Council shall retain the discretion to implement or reject any of the committee's recommendations. In the event the committee makes a recommendation that is consistent with the committee's authority, is actuarially sound and meets all the requirements of federal, state and local laws, and Council rejects the recommendation, any reductions in plan costs that may have occurred due to the change in plan design, will be treated as having occurred for the purposes of calculating the maximum city contribution under this agreement. These costs will be calculated by evaluating the premiums and/or rates as if the changes had occurred, the rates and/or premiums absent the changes, and the number of participants under the plan(s) involved. (For example, if the self-insured plan two party rate would be \$298 per employee per month with the addition of a benefit design change "X," but Council rejects the design change and therefore the two-party rate is \$350 per month per employee, the city contribution will

be increased \$52 per month per employee on the self-insured plan to give credit for the change.)

B. Benefits Eligibility and Plan Options

- 1) Permanent full-time employees shall be eligible for medical, dental, vision and life insurance coverage the first of the month following thirty (30) days of eligible service. Medical, dental, vision and life insurance benefits will be paid at 100% of the city contribution for those employees who are considered permanent full-time employees regularly working at least seventy-two hours per pay period in a benefits eligible, budgeted position.
- 2) Permanent part-time employees will be eligible for medical, dental, vision and life insurance coverage the first of the month following 174 hours of eligible service. Medical, dental, vision and life insurance benefits will be paid at 50% of the city contribution for any permanent employee who is considered a permanent part-time employee regularly working at least forty hours but less than seventy-two hours per pay period in a benefits eligible, budgeted position.
- 3) Medical, dental, vision and life insurance benefits may be denied to employees who have not been paid for eighty (80) hours during a calendar month by the withholding of city-paid premiums for the subsequent month.
- 4) Employees will enroll in the following healthcare plan options:
 - a) CityCore/Vision (VSP)/Dental (Delta Dental),
 - b) CityCore/Vision (VSP)/Dental (Kaiser),
 - c) Kaiser NW HMO/Kaiser Vision/ Kaiser NW Dental, or
 - d) Kaiser NW HMO/ Kaiser NW Vision/Delta Dental
 - e) Delta Dental, or
 - f) Kaiser NW Dental

C. Benefit Costs Contributions

- 1) The City shall contribute ninety-five percent (95.0%) of the combined of the total medical, vision and dental rates adopted by the City Council for the one party, two party or family enrollees (whichever applies) for options 4(a), (b), (c), or (d) provided in Section B, 4 above. Each employee shall contribute five percent (5.0%) of the combined total rates adopted by the City Council for the one party, two party or family enrollees (whichever applies).¹
- 2) The portion of the total plan cost paid by the employee under Section C.1. above shall be paid through a pre-tax payroll deduction as allowed under state and federal tax code provisions.
- 3) Full-time employees who elect only Delta Dental or Kaiser NW dental benefits, without CityCore or Kaiser NW medical and without VSP or Kaiser NW vision coverage, will receive 100% contribution towards the

¹Contributions for part-time employees shall be prorated as provided in Subsection B.2. of this Article.

dental plan of their choice. Contributions for part-time employees shall be prorated as provided in Subsection B.2. of this Article.

- 4) Effective in Benefit Plan Year July 1, 2017 through June 30, 2018, the City shall contribute ninety-five percent (95%) of the basic medical, vision and dental rates adopted by City Council for the one party, two-party or family enrollees (whichever applies) for each full-time regular employee who elects a Medical Plan listed in Article B.4.a-d. The City reserves the right to expand family tier descriptions if it is in the best interest of the employee enrollee and it has been accepted by the LMBC and subsequently approved by City Council.
- 5) High Deductible Health Plan (HDHP) effective Plan Year July 1, 2017. Beginning with Benefit Plan Year July 1, 2017, and effective in subsequent plan years, the City shall contribute one hundred percent (100%) of the medical and vision rates and ninety-five percent (95%) of the dental rates adopted by the City Council and elected by the employee for the one party, two party or family enrollees (whichever applies) or any variation of the tiered rates accepted by the LMBC and subsequently approved by City Council, for full-time regular employees who elect the HDHP.
- 6) Beginning with Benefit Plan year July 1, 2018, and effective in subsequent plan years, the City shall contribute ninety-five (95%) of the basic medical, vision, and dental rates adopted by the City Council and elected by the employee for the one party, two party or family enrollees (whichever applies), or any variation of the tiered rates accepted by the LMBC and subsequently approved by City Council, for full-time regular employee who elects a Medical Plan listed in Article B.4.a-d; provided the employee has received a preventive health care examination within the prior three (3) full calendar year period (from January 1, 2015 through December 31, 2017). In subsequent plan years beginning July 1, 2019, the preventive health care examination look back will be the prior two (2) full calendar year period.
 - a) Because the parties resolved their issues over a successor contract through binding interest arbitration, the City will provide PFFA members until March 9, 2018 to meet the preventive care standard to maintain the premium share in paragraph C (6) above. PFFA members can meet that standard by obtaining preventive health care examinations with their primary care providers or through private, confidential worksite screenings. The worksite screening is to determine a baseline of health, find a primary care provider for the employee, and help make an appointment for any follow-up care. The worksite screening shall only be available to PFFA members to meet the eligibility standard for the 2018-19 plan year. To remain eligible, PFFA members must obtain a preventive health care examination in calendar year 2018 to be eligible for the incentive beginning July 1, 2019.
- 7) Beginning with Benefit Plan year July 1, 2018, and effective in subsequent plan years, the City shall contribute ninety percent (90%) of the basic medical, vision and dental rates adopted by the City Council for each full-time regular employee who has elected a Medical Plan listed in Article

B.4.a-d; and who has not received a preventive health care examination within the prior three (3) full calendar year period (from January 1, 2015 through December 31, 2017). In subsequent plan years beginning July 1, 2019, the preventive health care examination look back will be the prior two (2) full calendar year period.

- 8) Beginning with Benefit Plan year July 1, 2018, and effective in subsequent plan years, the City shall contribute ninety-five percent (95%) for newly hired full-time employees who elect a Medical Plan listed in Article B.4.a-d. Newly hired full-time employees will have one (1) full calendar year after being hired to receive a preventive health examination to retain the City's ninety-five (95%) contribution. The City shall contribute ninety percent (90%) for the Self-Insured Medical Plan in the subsequent plan year for each newly hired full-time employee who does not receive a preventive health examination within the first full calendar year of service after being hired.

For example, for an employee hired in November 2018, the City will contribute 95% through June 30, 2020. If the new employee receives a preventive health care examination in calendar year 2019, the City's 95% contribution will continue effective July 1, 2020. If the newly hired employee did not receive a preventive health care examination in calendar year 2019, then the City's contribution level would change to 90% effective July 1, 2020.

- 9) Effective in Benefit Plan Year July 1, 2017 through June 30, 2018, each payday, except for the third payday in a month, each full-time regular employee who elects a Medical Plan listed in Article B.4.a-d; shall contribute five percent (5%) of the total basic medical, vision and dental rates by applicable tier and adopted by City Council.
- 10) Beginning with Benefit Plan Year July 1, 20017, and effective in subsequent plan years, each payday, except for the third payday in a month, each full-time regular employee who elects the HDHP plan shall contribute zero percent (0%) of the total medical and vision rates, and five percent (5%) of the dental rates adopted by City Council for the applicable tier (whichever applies).
- 11) Beginning with Benefit Plan year July 1, 2018, and effective in subsequent plan years, each payday, except for the third payday in a month, each full-time regular employee who elects a Medical Plan listed in Article B.4.a-d; shall contribute five percent (5%) of the basic medical, vision and dental rates adopted by City Council for the applicable tier (whichever apply); provided the employee has received a preventive health care examination within the prior three (3) full calendar year period (January 1, 2015 through December 31, 2017). The City may, in its sole discretion, grant paid release time in excess of this amount if it deems it to be in the best interest of the City. Where such activities are necessarily or reasonable to be performed during working hours, they may be done without loss of pay, provided the representative notifies the appropriate Division Chief or designee prior to taking such leave. All such Union leave time will be reported on an appropriate time reporting form provided by management.

The President will be released after 12 noon for the purpose of serving as an officer or employee of the Portland Fire Fighters Association. If necessary, the President may flex the regular work hours, within regular business hours, to conduct Union business as long as the hours are made up during the same week. The Union shall provide payment to the City for that portion of the UPT hours and medical, vision, dental and life insurance that are deemed reimbursable as outlined in this article. Payment shall be made quarterly, calculated on the percentage of total hours designated as Union President Time (UPT) in relation to the assigned work schedule for the assigned work schedule for the position held by the Union President during the duration of his or her term.

E. Exempt Release Time (ERT). The parties acknowledge that there are certain activities other than those specified in paragraphs (A) and (B) above that the Union member may be required to attend. Generally, these meetings are for the benefit of the bureau or City. Normally, Union members attending these types of meetings are considered on detail assignments. These types of activities will now be classified as ERT. The parties agree that ERT must be approved by the Fire Chief or his/her designee and ERT shall not be considered reimbursable by the Union nor shall it be counted towards the 600 hours' accumulation in paragraph (A) above. Union officers attending investigatory interviews, disciplinary meetings, labor management activities, City of Portland Labor Management Benefits Committee, grievance meetings with either Human Resources or the Fire Bureau, and those assigned to attend committee meetings where assignment to said committee was made through the labor management process will be granted ERT.

No individual employee can opt out or increase or decrease the percentage of sick and/or vacation leave transferred to the PFFA HSR Plan on his or her behalf, except that an individual employee may direct that the City transfer a portion of the sick and/or vacation leave to his or her 457 plan account. No employee may receive a cash payout of a portion of the mandatory transfer of sick and/or vacation leave; the City must transfer the entire mandatory sick and/or vacation leave transfer amount to the PFFA HSR Plan and/or the 457 plan. If the employee does not direct the City, in writing on a form specified for that purpose, to transfer a portion of the mandatory transfer of sick and/or vacation leave to his or her 457 plan account at least 30 days prior to retirement, then the City will transfer the entire mandatory transfer of sick and vacation leave to the PFFA HSR Plan.

The PFFA agrees to notify the City on or before December 1 each year of any changes to apply the following July 1 and on or before June 1 each year of any changes to apply the following January 1. The City shall withhold the amounts specified above per pay period unless the PFFA notifies the City in writing, by the dates stated above, of any modifications to the frequency of withholding.

The contribution of percentage of wages to the PFFA HSR Plan established under subsections 2(a) and 2(b) above shall be mandatory for all employees employed in the classifications identified in subsection (a) above. No individual employee can opt out or increase or decrease the percentage of wages withheld for transfer to the PFFA HSR Plan. No employee may receive a cash payout of the wage contribution in lieu of contribution to the PFFA HSR Plan.

D. The City shall remit the above wage contributions and accrued leave transfers directly to the PFFA HSR Plan within 30 days of the date the payment would have been payable to the employee.

E. If at any time during the operation of the Plan it is determined that (1) transfers may not be made on a pre-tax basis or (2) that plan earnings are not tax-exempt or (3) payments from the Plan are not tax exempt or if (4) participation in the Plan or operation of the Plan is in violation of any federal or state law or regulation, then in that event the parties agree to negotiate a substitute provision in order to carry out the original intention of the

Agreement. Either the City or the Union will notify the other party that the PFFA HSR Plan may violate a provision of this paragraph. The parties will then meet and discuss the issue with each other and their professional advisors. The parties will attempt to reach a mutual agreement within 45 days. If the parties do not agree within 45 days, the Union will determine the issue subject to Section F, below.

All provisions in this article shall apply to the new plan, unless otherwise agreed by the parties.
- G. The PFFA agrees that it will indemnify, defend and save the City harmless from all suits, actions, proceedings, compliance orders, citations and claims or regulatory sanctions against the City or persons acting on behalf of the City, whether for damages, compensation, reinstatement, fees, penalties or any combination thereof, arising out of the application of this Article. This paragraph shall not apply in the circumstance of liabilities arising from either action or inaction on the part of the City in fulfilling its obligations under this Article.
- H. The Union will provide full disclosure prior to implementation and will assume any penalties, including costs associated with errors. The Union is required to implement a program that is compliant with the City's administration of benefits. B. All members are required to maintain a current, unrestricted valid state Driver’s License. Members must report the restriction, suspension or revocation of their driving privileges no later than their next shift. A member whose license has been restricted, suspended or revoked employee will be accommodated for thirty (30) calendar days by non-assignment of Apparatus Operator duty and/or placement in an assignment in which driving duties, in the judgment of bureau management, can be temporarily avoided. Such placement may be in the same or lower job classification; if placement is made into a lower job classification, the employee shall be temporarily demoted until reassigned to his/her previous classification.

C. If the member’s driving privileges have not been reinstated at the end of the thirty (30) day accommodation period, and if the bureau can continue to provide placement in an assignment in which driving duties can be temporarily avoided without, in the sole judgment of bureau management, any adverse impact to the bureau carrying out its mission, the member shall be assigned accordingly. If, however, such accommodation cannot be made in the judgment of bureau management without adverse impact, the bureau may transfer the member to another assignment in the same or lower job classification. If transfer is made

to an assignment in a lower job classification, the member shall be temporarily demoted until reassigned to their previous classification.

- D. Members shall not be eligible for Apparatus Operator premium pay under Article 8.B while their licenses are restricted, suspended or revoked.

ARTICLE 30 – JOB SHARE AGREEMENT

Job Share Agreements are subject to the following conditions:

- A. The following positions may be considered for Job Share: a. One (1) 40-hour FMO Inspector assignment b. Two (2) other 40-hour positions mutually agreed to by Labor and Management; these may also be assigned to the FMO.
- B. Job Share candidates must be non-probationary employees and must be current on mandatory training.
- C. A member wishing to have their position considered as a Job Share shall request approval through the chain of command to their Division Manager. If the decision is made for that position to become a Job Share position, the Division Manager will notify qualified members that the position is available and will initiate the selection process for those interested.
- D. When the Job Share position(s) are announced they will be open to all qualified members. Applicants will be subject to an application and interview process. The Fire Chief or Division Manager shall determine who is chosen for the Job Share position(s).
- E. Job Share members will divide the two-week pay period so that each member works twenty (20) hours per week. The schedule must be approved by the appropriate Supervisor.
- F. Each Job Share member will accrue vacation, sick leave, holidays, and pension benefits at one-half the rate of a full-time employee. Individual members are responsible for researching and evaluating changes in pension benefits due to a reduction in workweek hours.
- G. One half of the cost of health insurance benefits for each Job Share member will be paid by the City. However, medical, dental, vision and life insurance benefits may be the responsibility of the member if they are in a pay status for less than eighty (80) hours during a calendar month.
- H. Seniority will accrue on the basis of actual time worked in the classification. Job Share employees shall not bump permanent full-time employees.
- I. Vacation scheduling shall be subject to the normal vacation scheduling procedure for the Bureau.
- J. Step pay increases will be computed on the basis of hourly equivalence.
- K. The decision as to the assignment of Job Share positions is solely that of PF&R management. The selection of applicants for Job Share positions shall be made at the discretion of PF&R management. Seniority shall be a factor.

- L. Job Share will not be granted for individuals seeking or maintaining employment outside PF&R.
- M. If the incumbent member wishes to return to a full-time assignment, they must wait until either a. The Job Share position they occupy is successfully filled by another member, or b. A full-time vacant position becomes available.
- N. Should one of the Job Share employees leave the Job Share position by resignation, transfer, retirement, or accepting a full-time position, PF&R will evaluate the need for the Job Share assignment. If the bureau elects to continue the Job Share assignment, a Job Share vacancy will be announced and applications will be accepted. If the Bureau decides not to continue the Job Share assignment, the Bureau will provide the remaining Job Share member 60 days' notice before returning the member to full-time status.
- O. In the case of extended medical or family leave of a Job Share member, PF&R may fill the other half of the Job Share on a temporary basis, carry a temporary vacancy until the member on leave returns to work, or return the remaining member to full-time status.
- P. Job Share members are responsible for their own mandatory training and recertifications. Training may be done on flex time.
- Q. Job Share assignment does not restrict PF&R's ability to revert to standard scheduling, as defined by PF&R, if that is in the best interest of PF&R.
- R. Job Share assignments will be in effect for a period of two years from the initial assignment. Job Share positions will be evaluated bi-annually by the Division Manager to determine effectiveness, including the members' ability to successfully manage their work assignments, schedule, and mandatory training. PF&R may choose to continue, modify, discontinue, or re-open Job Share assignments for applications from new candidates. PF&R will provide Job Share members with 60 days' notice before returning members to full-time status.
- S. In the event that a situation occurs that is not addressed in the above paragraphs, the Labor Management Committee will meet and discuss the remedy.
- T. Decisions by PF&R regarding Job Share assignments are not grievable.

ARTICLE 31 – LABOR MANAGEMENT COMMITTEE

- A. The City and the Union agree to the creation of a Labor/Management Committee. The Committee shall consist of the Fire Chief and the Union President plus five (5) more members selected by each party. The purpose of the Committee is to facilitate improved labor/management relationship by providing a forum for the free discussion of the implementation of new PF&R programs or substantial modifications of PF&R programs that have an impact on working conditions or duties.

- B. The Committee will meet monthly at mutually scheduled times and at any other mutually scheduled times. These meetings can be cancelled by mutual agreement of both labor and management.
- C. The Chairmanship of the Committee shall be rotated between labor and management members. Members shall, in advance of a meeting, provide the Chair with proposed agenda items. The City shall designate a staff person to provide the members with the meeting agenda in advance of the meeting and to take minutes for the meeting. Agendas shall be distributed to the members one week in advance of the meeting and items may be added to the agenda by mutual agreement at any time.
- D. Association representatives will be allowed to attend meetings of the Committee during their work hours without deduction in pay.
- E. The parties agree that this Committee does not constitute bargaining. The discussions of the Committee do not decrease management's rights or constitute a waiver of any duty to bargain mandatory subjects of bargaining.

ARTICLE 32 – OVERPAYMENTS

- A. In the event that an employee receives wages or benefits from the City to which the employee is not entitled, regardless of whether the employee knew or should have known of the overpayment, the City shall notify the employee in writing of the overpayment which will include information supporting that an overpayment exists and the amount of wages and/or benefits to be repaid.
- B. For purposes of recovering overpayments by payroll deductions, the following shall apply:
 - 1. The City may, at its discretion, use the payroll deduction process to correct any overpayment made with a maximum period of two (2) years before the notification.
 - 2. Where the payroll deduction process is utilized, the City and the employee, and the Union if requested by the employee, may meet and attempt to reach mutual agreement on a repayment schedule within thirty (30) calendar days following written notification.
 - 3. If there is no mutual agreement at the end of the thirty (30) calendar day period, or if the employee fails to respond, the City shall implement the repayment schedule stated in Paragraph C below.
- C. If the overpayment amount to be repaid is more than five percent (5%) of the employee's regular monthly base salary, the overpayment shall be recovered in monthly amounts not exceeding five percent (5%) of the employee's regular monthly base salary. If an overpayment is less than five percent (5%) of the employee's regular monthly base salary, the overpayment shall be recovered in a lump sum deduction from the employee's paycheck. If an employee leaves City service before the City fully recovers the overpayment, the remaining amount may be deducted from the employee's final paycheck.

- D. An employee who disagrees with the City's determination that an overpayment has been made to the employee may grieve the determination through the grievance procedure. In the event a grievance is filed over the City's determination that an overpayment has been made, recoupment deductions will be held in abeyance pending resolution of the grievance.
- E. This Article does not waive the City's right to pursue other legal procedures and processes to recoup an overpayment made to an employee at any time. But the City will attempt to use the procedures outlines in this Article before pursuing those rights.
- F. If employees consent in writing, the City may use payroll deductions and the overpayment recoupment procedures in this Article for overpayments that are more than two years old.

ARTICLE 33 – LEGAL FEES

The City agrees to reimburse a member for all reasonable, usual and customary legal fees charged by an attorney as a direct result of criminal charges or a criminal investigation arising out of the member's involvement in actions in the performance of their official duties.

The reimbursement shall not be made if:

1. The member is convicted by verdict or plea, or pleads no contest to criminal charges arising out of the incident; or
2. The Bureau sustains disciplinary charges on the basis of the member's actions that formed the basis for the possible criminal liability, and the Bureau's sustaining of the charges is upheld on any appeals process.

Any reimbursement shall be made only at the conclusion of all criminal and disciplinary proceedings against the member arising out of the incident. The Union shall submit an invoice for reimbursement to the Bureau no later than sixty (60) days after the criminal case or disciplinary proceeding closes.

To receive reimbursement under this Article, the member must select one attorney from a list of fifteen (15) which has been mutually agreed upon by the Union and the City Attorney. Neither party shall unreasonably oppose the inclusion of an attorney on the list. Within sixty (60) days of the execution of this agreement, the Union shall submit to the City Attorney the names of the attorneys it proposes for inclusion on the list. If no attorney on the list is available to represent a member, the member may obtain another attorney, and if the Union notifies the City of the selected attorney by the close of the next working day, the City shall reimburse the member for the attorney's fees provided all other requirements of this Article are met.

Before becoming obligated under this Article, the City shall be presented with a sworn affidavit by the attorney listing an hourly breakdown of time spent and describing briefly the purpose of such time. If the City in its discretion feels the charges exceed reasonable, usual and customary fees normally charged, the City may submit the bill to the Oregon State Bar Association for review. The Oregon

State Bar Association's determination will be final and binding for the City's obligation under this Article.

This provision shall only apply to incidents occurring on or after the effective date of this contract.

ARTICLE 34 – TERMINATION AND DURATION

This Agreement shall be effective July 1, 2016 or upon ratification by both parties, whichever is later, except as otherwise noted in the Agreement, and shall remain in full force and effect until the 30th day of June, 2019. It shall be automatically renewed from year to year thereafter unless either party shall notify the other in writing not later than the March 1 prior to the date of termination that it wishes to terminate or modify this Agreement for any reason. Notification of intent to modify shall include the substance of the modifications desired. In the event that such notice is given, those provisions not reopened shall automatically renew from year to year. Negotiations shall begin no later than March 15. This Agreement shall remain in full force and effect during the period of negotiations.

IN WITNESS WHEREOF, this Agreement has been executed by the parties hereto
this 7th day of June, 2018.

Salary rates for classifications in Schedule “A” for the period July 1, 2016 to June 30, 2017 are increased by one percent (1%) which reflects the increase in the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) as measured by the index for the second half of 2014 and the second half of 2015 for the City of Portland, Oregon, published by the Bureau of Labor Statistics, U.S. Department of Labor.

YEAR TWO - Effective July 1, 2017, Schedule “A” wage rates will be revised as follows:

Salary rates for classifications in Schedule “A” for the period July 1, 2017 to June 30, 2018 are increased by two and two tenths percent (2.2%) which reflects the increase in the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) (as measured by the annual change in the index between the 2nd Half 2015 and the 2nd Half 2016) for Portland, Oregon published by the Bureau of Labor Statistics, U.S. Department of Labor.

YEAR THREE - Effective July 1, 2018, Schedule “A” wage rates will be revised as follows:

Salary rates for classifications in Schedule “A” for the period July 1, 2018 to June 30, 2019 are to be increased by one hundred percent (100%) of the annual increase in the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) (as measured by the annual change in the index between the 2nd Half 2016 and the 2nd Half 2017) for Portland, Oregon published by the Bureau of Labor Statistics, U.S. Department of Labor. However, in no event shall the salary increase be less than one percent (1%) or greater than five percent (5.0%).

In the event that City revenue sources should be decreased by the passage or impact of a tax limitation measure, legislatively mandated change, cut back in Federal and/or State revenue sharing, or any other conditions causing a worsening of the City's financial position, the City Council and the signatory labor organizations agree that they will meet and discuss the economic impact and, by mutual agreement, will put forth a good faith effort to arrive at alternatives to a reduction in the work force.
