

BHR BULLETIN

Tuesday, April 12, 2022

A weekly update from the Bureau of Human Resources.

Included in this issue

- [Workplace Reentry](#) *(New)*
- [Reentry and Work Accommodations](#)
- [Updating Your Vaccination Status with Booster Shot Info](#)
- [SuccessFactors Performance Management for Non-Represented Employees](#) *(New)*
- [Black Space](#)
- [COVID-19](#) *(Additional City shot clinics – sign up today)*
- [Benefits](#) *(Nike Employee Store pass)*
- [Recruiting](#) *(Great video on Implicit Bias)*
- [Training](#)

Find information about how you can help in Ukraine, COVID-19 leave, Work Share and more in [recent issues](#).

Workplace Reentry

As a reminder, returning employees should report to their worksite for one day between April 4-15 to reacclimate. Then, beginning the week of April 18, you should begin your new schedule for the first phase of our hybrid workplace pilot – in most cases, coming to your worksite the equivalent of one day per week.

The following resources are provided to help navigate these changes:

- This [Quick Guide](#) provides the most essential information about what to expect and how to get your questions answered.
- For more detailed information, go to our new [Workplace Reentry site](#) on the employee intranet.
- One of the documents you'll find is our updated (and simplified!) [health and safety guidance](#).
- Many of you will receive additional information specific to your bureaus and facilities as well.

- We will learn and adapt as we go, just as we have throughout the pandemic. We're in this together. *See you soon!*

Reentry and Work Accommodations

Our hybrid return to the office is happening soon! If you are someone with a disability, pregnant, and/or observe a religious practice, and in need of an accommodation to perform your job, please contact your Human Resources Business Partner (HRBP) for assistance. Here's a link to HRBP bureau assignments: <https://www.portlandoregon.gov/bhr/article/430513>.

Updating Your Vaccination Status with Booster Shot Info

The City now has the capability to accept booster shot information if employees want to update their COVID-19 vaccination status. This is not a requirement. Reporting booster information is entirely up to you.

For those with access to a City computer as well as access to the City's network, booster information can be added to your vaccination status form online through the [CityLink Portal](#), where you will again find the "My Vaccination Status" tab. Click the tab to access the vaccination status form, then update your status with booster information.

For those who have internet access but do not have access to the City's network, you can update your vaccination status online here: [Employee COVID-19 Vaccination Status Form \(smartsheet.com\)](#).

If you have questions, please email bhrcommunications@portlandoregon.gov.

SuccessFactors Performance Management for Non-Represented Employees

It's time to Align!

The Align phase of our performance cycle runs from April 1 - July 14.

During this phase, there are a few actions that are required to ensure that performance forms can be equitably calibrated by each bureau, including:

1.) You and your manager hold a third quarterly check-in on your objectives and key results.

- Managers need to conduct a check-in with each of their direct reports, enter date discussion completed and click the “Discussion Completed” button.

2.) Once the check-in is complete, employees enter [their self-assessment](#).

- Select a self-rating for each objective using the five-point rating scale.
- Add any overall comments.
- Send to “Next Step.”

3.) Once the self-assessment is complete, the [manager will need to enter their assessment](#).

- Manager selects a rating for each objective using the five-point rating scale.
- Add any comments they wish to make.
- Manager will add together the average People and Service objective ratings, select an overall rating as well as the appropriate merit award.

4.) The combined review will then go to the bureau’s senior leadership for a calibration review process to ensure overall equity in year-end ratings.

For bureaus to hold year-end calibration sessions before the end of this phase, your bureau may be announcing a specific timeline for each of these abovementioned steps.

Please work with your manager or supervisor to perform your respective tasks as soon as possible during this phase of our process.

[HRAR 9.02](#) sets citywide policy on merit awards for eligible staff which are, "based on available resources, the maximum amount of merit pay that may be awarded to eligible staff shall be determined annually by City Council." This coming July, City Council approved a merit award budget of 2% and this year’s merit matrix can be accessed on the [Performance and Development Process webpage](#).

Black Space

This meeting is specifically for City of Portland’s Black employees. We will provide support where needed and work together to identify common experiences as well as ways the City can better support and retain Black employees.

Meetings occur on the third Tuesday of every month, 1-2:30 p.m.

Join Zoom Meeting at

COVID-19

City Shot Clinics

The City is setting up additional shot clinics for employees who want their booster or primary shots for COVID-19. Please see the [CDC website](#) to determine if you are due for a booster. The CDC allows mixing of vaccines, so you can safely receive any type of booster. Pfizer will be offered at all clinics except for the Justice Center and East Portland Community Center, which will have Moderna.

The clinics are open to all employees, but not family or dependents.

Slots are expected to fill quickly. More will be added as needed, so please check back daily. Last time there were cancellations that created “day of” opportunities – so keep checking back!

Vaccine is also available at many pharmacies or through your primary care provider. Visit [Vaccine Finder](#) to locate a pharmacy with COVID shots, or check [Multnomah County Vaccine Sites](#). Any City employee may attend any of the shot clinics except for the Justice Center, which has restricted access.

Booster doses are **not required** by the City but are recommended by the CDC. You may use COVID Emergency Paid Sick Leave (EPSL) to attend these on-site offerings. Turn to your bureau timekeeper with coding and timesheet questions.

Currently, shot clinic access is only available to City of Portland employees. We will let you know if this changes in the future.

SHOT CLINIC SCHEDULE

Tuesday, April 19, 8-10 a.m. – **Police Bureau Staff Only**. Justice Center, Wayne Sullivan Room. 1111 SW 2nd Avenue, Portland. (Moderna) <https://www.signupgenius.com/go/PPB>

Tuesday, April 19, 1-3 p.m. – East Portland Community Center, Multi-Purpose Room.

740 SE 106th Avenue, Portland. (Moderna) <https://www.signupgenius.com/go/EastPCC>

Wednesday, April 20, 5-7 a.m. – Transportation Bureau, Assembly Area. 2929 N. Kerby, Portland. (Pfizer) <https://www.signupgenius.com/go/Kerby>

Wednesday, April 20, 1:30-3:30 p.m. – Water Treatment Plant, Mt. Mazama Room. 5001 North Columbia Blvd. Portland. (Pfizer) <https://www.signupgenius.com/go/WTP>

Thursday, April 21, 6-8 a.m. – Water Bureau, Auditorium. 664 N Tillamook Street, Portland. (Pfizer) <https://www.signupgenius.com/go/Water>

Thursday, April 21, 11 a.m. - 1 p.m. – Portland Building, Room 100. 1120 SW 5th Avenue, Portland. (Pfizer) <https://www.signupgenius.com/go/PB>

Booster Shots

The COVID-19 vaccines are still effective in preventing severe disease, yet protection can lessen over time. A [booster shot](#) is an additional shot recommended for all vaccinated adults to get longer lasting protection. Many vaccines need boosters after a period.

Q: With so many people getting infected with the Omicron variant, do the vaccines really help?

A: Yes! A new [report from the Oregon Health Authority](#) confirms that cases of COVID-19 are much more common in unvaccinated individuals including during the Omicron surge. Being vaccinated lowers risk for infection and receiving a third (booster) dose provides the best protection.

Q: If I already had COVID-19 and recovered, am I protected by natural immunity, or do I still need to get a COVID-19 vaccine?

A: You should get a COVID-19 vaccine even if you already had COVID-19.

Getting sick with COVID-19 offers some protection from future illness with COVID-19, sometimes called “natural immunity.” The level of protection people get from having COVID-19 may vary depending on how mild or severe their illness was, the time since their infection, and their age. No currently available test can reliably determine if a person is protected from infection.

[All COVID-19 vaccines currently available](#) in the United States are [effective](#) at preventing COVID-19. Getting a COVID-19 vaccine gives most people a high level of protection against COVID-19 even in people who have already been sick with COVID-19.

[Emerging evidence](#) shows that getting a COVID-19 vaccine after you recover from COVID-19 infection provides added protection to your immune system. [One study](#) showed that, for people who already had COVID-19, those who do not get vaccinated after their recovery are

more than two times as likely to get COVID-19 again than those who get fully vaccinated after recovery.

Q: Where can I get a booster?

A: To get a booster shot:

- Contact your healthcare provider.
- Ask your local pharmacy.
- City Shot Clinic
- Call 2-1-1.
- Visit [GetVaccinated.Oregon.gov](https://www.getvaccinated.oregon.gov).
- [Visit a weekly clinic](#).

As we move forward, we will continue to answer questions related to COVID-19 vaccinations. The intent of the information is to help you make an informed decision about vaccination. Please submit vaccination questions to Joel.Michels@portlandoregon.gov. Answers will be provided in the following week's BHR Bulletin and [a compiled list is posted here](#).

The information provided is taken from the Centers for Disease Control and Prevention ([CDC](#)) and Oregon Health Authority ([OHA](#)) resources with input from our own Joel Michels, Nurse Practitioner, Occupational Health and Well-being Program Manager.

Testing for Unvaccinated Employees

The City is moving forward with the Mayor and City Council's directive to test employees who are unvaccinated for COVID-19. The goal remains to keep the workplace as safe as possible as we continue to provide services to the Portland area.

Details and many answers are available in this [COVID-19 Testing FAQ](#).

Scheduling is underway for those who have not yet declared vaccination status along with those who have an approved exception. You will be notified once scheduled, before testing begins. If you telework, you will not be tested unless you're coming to a City worksite.

Testing adds to the pandemic health and safety plan for the City, but other measures are equally important. Please continue to distance when possible, wear a well-fitting mask, wash your hands frequently, and stay home if you are sick with any COVID-19 symptoms.

COVID-19 At-home Testing Options

For all employees: The federal government provides free rapid tests for home shipping available at www.covidtests.gov.

For Kaiser enrollees: Rapid antigen home tests are available at local drugstores or online. Please visit kp.org/covidtests for the most up-to-date information on participating retailers. To submit

a reimbursement claim, please login to kp.org, go to the “Coverage & Costs” section, then select “Submit a Claim.”

For Moda (CityCore/CityNet/CityBasic) enrollees: Members can purchase FDA authorized at-home COVID test kits from retailers (including pharmacies and online) and submit to Moda for reimbursement using this form -- [COVID At Home Test Reimbursement](#). Itemized receipts are required, and shipping costs are not reimbursable.

Q: What is a Self-test or At-home COVID-19 test?

A: **Self-tests** for COVID-19 give rapid results and **can be taken anywhere**, regardless of your vaccination status or whether you have symptoms. Along with [vaccination](#), [wearing a well-fitted mask](#), and physical distancing, self-tests help [protect you and others](#) by reducing the chances of spreading COVID-19.

Q: When should I take an At-home COVID-19 test?

A: If you have any [COVID-19 symptoms](#), you may test immediately, although it can take 24 hours after symptom onset for the test to accurately detect the virus. You may want to repeat the test 24 hours after a negative test to confirm results if you are still having symptoms.

If you were exposed to someone with COVID-19, wait at least five days after exposure. If you test negative for COVID-19, consider testing again one to two days after your first test.

If you are going to an indoor event or a gathering, test immediately before the gathering, or as close to the time of the event as possible. **This is especially important before gathering with individuals at risk of severe disease, older adults**, those who are [immunocompromised](#), or people who are not [up to date on their COVID-19 vaccines](#), including children who cannot get vaccinated yet.

Q: Should I trust the results of a self-test?

A: **Positive results** from self-tests are highly reliable.

Negative results from self-tests do not rule out SARS-CoV-2 infection. A negative self-test result may not be reliable, especially if you have symptoms associated with COVID-19.

Invalid results from self-tests mean the test did not work properly, and a new test is needed to get an accurate result.

[The City’s COVID-19 Response page is available here.](#)

Benefits

[Nike Employee Store Pass | Portland.gov](#)

Just in time for that spring workout commitment! City of Portland employees can visit the Nike Employee Store one time until May 31, 2022.

National Infertility Awareness Week: April 24-30

Please join Carrot's Chief Medical Officer and Co-Founder Asima Ahmad, MD, MPH, for a [free, virtual event](#) to hear the founding story behind Carrot and what she specifically wants you to know about infertility. We invite you to wear orange to our exclusive virtual event. As a part of the #WearOrange campaign hosted by U.S.-based organization, RESOLVE, together, we can all join the infertility conversation, remind others they're not alone, and collectively raise awareness for this important topic.

Wednesday, April 27, 9 a.m.

If you or your partner can't make it, a recording of the virtual event will be emailed to all those who register, and will be posted in the [Resource Center](#) on the Carrot website.

Infertility resources for you

When it comes to infertility, there's a lot of information out there. Below, we've rounded up three expert-authored resources from Carrot to help you learn more.

- [Infertility: Overview](#) - Check out this article for a general overview of what infertility is, and some of the causes.
- [Infertility: Treatments](#) - Read this article to better understand the different options to treat infertility.
- [Male infertility and pursuing parenthood](#) - Joseph's story - Learn more about Joseph, a 35-year-old man from New York, and his journey to parenthood.

Online Benefits Enrollment System

The City's Health & Financial Benefits team transitioned to a new online benefits enrollment system as of April 1, 2022. The new system allows us to house active employees and Retiree/COBRA participant enrollments within the same system for the first time. Employee information, plan selections, and dependent information carried forward to the new system. Beneficiary information is stored within our previous system and will be good through June 30, 2022. During open enrollment, we hope you'll take time to review the new system, your plan elections and set beneficiary allocations.

If you are a new employee needing to make your benefit elections, a current employee needing to make changes to your benefits due to a qualifying life event, or want to set your beneficiary allocations, please login to the new enrollment portal at www.portland.gov/benefits. If you have any questions, please contact the benefits office at benefits@portlandoregon.gov.

Thank you for your patience as we update our systems to better serve employees and plan participants.

CityStrong GuidanceResources: a free and confidential Employee Assistance Program (EAP)

Provided by the City of Portland, offering support for personal and work-related issues.

Professionally trained Guidance Consultants are available 24 hours a day, 7 days a week, 365 days a year.
