NOTE: This timeline represents the staff process needed to propose a legislative process to plan and annex for West Hayden Island as directed by Council resolution. It does not assume a final decision on any land use planning action with respect to West Hayden Island. City Council will have the opportunity to make the final decision to the proposal in December 2011. It is important to note that the Mayor has directed BPS to schedule several Council work sessions at key milestones within the work program, so that Council can more directly evaluate products and progress on the project.
