

Neighborhood Centers PEG

Topics Sequencing: Remaining 2012-2013 Meetings

Note: topics sequencing is preliminary and will be subject to change. PEG input will be used to help identify topic priorities, additional topic sessions, and possibilities for including other issues as part of discussion on broader topics.

November

- Equity Discussion

December

- Growth scenarios
- Off-street parking requirements

January

- Design, development scale, and transitions in centers and corridors
- Cross-PEG issues identification

February/March (one PEG meeting for this period, to accommodate public workshops)

- Growth Scenarios (continued)
- Gentrification policy framework (continued)

April

- Review Discussion Draft policies (in context of public comments from workshops)
- Off-street parking requirements (continued)

May

- Design Framework Diagram and locations of centers and corridors
- Multi-generational city policy framework

June

- Preferred growth scenario
