## PORTLAND'S COMPREHENSIVE PLAN *Implementing the Portland Plan*

**H**ow can we make Portland a more prosperous, educated, healthy, equitable and resilient city for all?

One of the most effective tools for positive change is the City's Comprehensive Plan, now more than 30 years old. An updated plan with a focus on equity will help manage expected population and employment growth, as well as coordinate major public investments in parks, roads, housing, sewers, business districts and more over the next 20 years.

You can help shape this long-range plan for the future of Portland's communities and neighborhoods by participating in the update of the Comprehensive Plan. Part 1 of the Working Draft will be released in mid-January, and workshops are scheduled in February and March.
