

# 'Green Loop': 6th and 7th Ave Example Analysis

## Example Analysis of Potential Alignment

This poster shows one of many pieces of data that will be collected and analyzed at a later stage in the Green Loop project. The Evaluation Criteria described on the neighboring board shows other elements that will need to be studied in the process of selecting a final route for the Green Loop through the Central Eastside.

- ### Legend
- bus stops
  - curb cuts
  - designated loading
  - traffic signals
  - stop signs
