

In-River Recreation Meeting Discussion Questions

Please turn in your responses to the below questions to Bureau of Planning and Sustainability (BPS) project staff at the 9/25/18 meeting, email your responses to bpsriverplan@portlandoregon.gov , or mail your responses to BPS, 1900 SW 4th Ave., Suite 7100, Portland, OR, 97201, Attention: River Plan/South Reach. Thank you for your comments!

1. For river recreation activities, please identify where there is a need to add or improve river access. Describe any needed improvements/infrastructure (docks, ramps, boat storage) to enhance recreational experiences (boating, swimming, fishing, other recreation) and personal safety at these locations.

See reverse side for question #2

In-River Recreation Meeting Discussion Questions

- 2. In what ways can individuals, recreation clubs, homeowners’ associations, government entities and others work to minimize conflicts among river users? How might these solutions also benefit the environment and/or nearby residents / neighborhoods? Some possible conflicts include: a) Non-motorized and motorized boaters; b) Different types of non-motorized boaters (e.g. sailboats, kayaks, paddleboards, etc.); c) Swimmers and boaters; d) Fisher people and boaters; e) River users and live-aboard boater f) Recreators (boaters, swimmers, etc.) and fish/wildlife habitat; g) Other conflicts
