

Natural Resources Protection & Restoration Meeting Discussion Questions

Please turn in your responses to the below questions to Bureau of Planning and Sustainability (BPS) project staff at the 10/4/18 meeting, email your responses to bpsriverplan@portlandoregon.gov , or mail your responses to BPS, 1900 SW 4th Ave., Suite 7100, Portland, OR, 97201, Attention: River Plan/South Reach. Thank you for your comments!

1. What are the key current natural resources challenges in this area? What approaches would address these challenges? To the extent possible, please provide specific locations of concern and remedies to address those concerns.

See reverse side for question #2

Natural Resources Protection & Restoration Meeting Discussion Questions

2. What is your vision for key natural resource areas – or the South Reach more broadly – in 2040? What characteristics and/or functions would you like to see? In your response, please identify specific areas within the reach that you would recommend for restoration or similar activities. Also consider how your vision will address climate change and increase resiliency for the river, riverbank and adjacent areas and neighborhoods.
