

FY2016-17 Competitive Process Special Appropriations Grant Awardee, COMMUNITY WAREHOUSE

Grant Project: DELIVERING HOUSEHOLD ESSENTIALS FOR LOW-INCOME FAMILIES WITHOUT TRANSPORTATION

Community Warehouse has been redistributing donations of household items and furniture to neighbors in need since 2001. They are the only furniture bank in the greater Portland area. Their mission is to help vulnerable populations become self-sufficient by providing them with basic household furnishings. By depending on in-kind donations, they are reusing resources already present in the community. They wholeheartedly believe that the strength of our community begins at home.

The section below is for candid snapshots of this year's grant project, the purchase of a truck for use by their delivery team.
