Personnel Area: Report will display information based on one or more personnel areas, in most cases you will not have access to other Personnel Areas

Personnel Number: To look up individual or groups of employees, enter the personnel number here. Leave blank to see all employees in the selected org unit(s).

Org Unit: Run the report based on a single or multiple org units.

NOTE: This information is prepopulated with Org Units that lie in your span of control

Date Range: A single date or date range is required to run this report. By running the report for a single day, you can gain a snapshot of your employees' qualifications. A range (into the future) can be used as a forecasting tool to determine when your employees' qualifications will expire.

Hide Employees Who Meet HR 2.02 Criteria: Defaults to checked and only displays employees who do not meet the training criteria set forth in HRAR 2.02

All Quals / Managers & Sup Quals Only: Displays all available qualifications or only qualifications for managers and supervisors

Step 5: Once you input your selection criteria, click execute
