Decision Package Updates:

MY_01	One-Time EM&S & Program Reduction	
<p>This decision package achieves the 1% General Fund reduction. This package has two parts: reduce general External Materials and Services by \$2,000 from Office Supplies, and reduce the balance in the Education Program funds by \$8,144. The cut from EM&S reduces the ability to support office operations. The reduction in the Education Program funds reduces the ability to fulfill the Mayor's Education initiative, specifically the Youth Corps Group.</p>		
<p>Status for Winter Performance Report: The office is monitoring and managing current year expenses to come in at budget by year end.</p>		<p>Status Underway</p>
MY_02	EM&S and Program Ongoing Cut	
<p>The decision package achieves a 3% General Fund reduction. This decision package has two parts: reduce general External Materials and Services by \$5,000 in Miscellaneous services, and reduce the Education Program funds by \$25,432. The cut in general EM&S reduces the ability to support day-to-day operations in the Mayor's office. The cuts in Education Program funds would result in a fewer number of youth served by the Youth Corps Program.</p>		
<p>Status for Winter Performance Report: The office is monitoring and managing current year expenses to come in at budget by year end.</p>		<p>Status Ongoing</p>
MY_05	Education Program	
<p>This package requests \$741,750 for education-related programs and services. This request has five parts: \$100,000 for SUN Service System Expansion/Enhancement to develop a core set of services for academic-priority SUN high school students, \$325,000 for Summer Youth Connect to continue funding of interventions to increase graduation and post-secondary access through career planning and work experience, \$115,000 for Education Strategy Support to provide general support for the Education Cabinet and annual Education Summit, \$33,750 for Youth Engagement to continue the Multnomah Youth Commission and expand youth program aides beyond the Youth Planner Program, and \$168,000 for a Future Connect Scholarship program to provide scholarship grants for the first two years of study at Portland or Mt. Hood Community Colleges.</p>		
<p>The additional SUN Service funds will help increase access to tutoring services, mentors and career exploration programming. The Summer Youth Connect funds will help serve approximately 3,500 through college and career exploration methods. The Education Strategy Support funds will support this cross-sector governing body to increase on-time graduation and increase the rate of students pursuing post-secondary education/training. The Youth Engagement funds will provide a framework to solicit youth perspectives on public policy decisions, develop leadership and job skills for the youth involved, and promote public sector careers to youth. The Future Connect Scholarship funds will help encourage students with financial barriers to persist through high school graduation, attend community college, possibly transfer to a four year university, and access living wage jobs.</p>		
<p>Status for Winter Performance Report: Most of the funds are to be spent for summer programs. The grant agreements and contracts for use of the funds are currently underway in the procurement process.</p>		<p>Status Underway</p>
