SPECIAL COUNCIL MEETING

Disposition:

This action extends the E-Commerce designation as it relates to the Enterprise Zone program, which expired June 30, 2019. The E-Commerce designation gives Prosper Portland more flexibility in managing the types of investments that qualify for the property tax incentives provided by the Enterprise Zone program. Agreements reached under the Enterprise Zone program apply a temporary tax exemption on new capital investment. Tax revenue abatements from the Portland E-Zone to the City of Portland have ranged from \$300,000 to \$1,600,000 per year over the past 10 years.
