

10.01 BENEFITS GENERAL

Health Benefits

The City of Portland provides health benefit programs to eligible employees and their qualified dependents. The City's plans are compliant with the Affordable Care Act. For additional information, employees are encouraged to review the Employee Benefits and Wellness Program Summary Plan Description, the City's Plan Document and other related benefit material available online or by request through the [Health & Financial Benefits](#) Office.

Employees who are not hired into benefits eligible status may still qualify for City paid coverage under the Affordable Care Act (ACA), if they average 26 hours weekly over a pre-determined six (6) month measurement period. Benefits will be equivalent to CityBasic medical, dental, and vision coverage. Eligibility can be maintained for up to six months, provided a worker is employed and in paid status. Coverage may continue if an employee averages 26 hours a week during the next measurement period. Additional information (including measurement period dates, hours required, cost to employee and bureau, health plan details) can be found in the current Benefits Handbook.

Disability

The City of Portland provides eligible employees Basic coverage for short and long- term disability plans. The City also offers buy-up options to supplement the Basic plans. The plans provide partial income protection for you in case of loss of income due to disability. STD and LTD benefits are coordinated with eligible entitlements such as PERS, Social Security, Workers' Compensation and other sources of income to replace a portion of your pre-disability earnings. For more information, please see the Benefits Plan Highlights Book. Contact the Health and Financial Benefits Office to file a claim.

[Deferred Compensation](#) is a voluntary plan available to eligible employees to help save for retirement on a pre-tax basis. Deferred compensation for public employees is allowed and regulated under Internal Revenue Code (IRS) Section 457. Permanent employees are eligible to participate in the Deferred Compensation Plan.

The Deferred Compensation Advisory Committee is authorized to recommend specifications for deferred compensation plans. City Code Chapter 5 governs the Deferred Compensation program.

The City of Portland makes a monthly contribution to PERS on behalf of eligible employees. The contribution is 6% of pre-tax annual salary and 9% for sworn Portland Police and Fire & Rescue employees. In addition, the City contributes an actuarially determined amount to PERS based on an annual valuation of plan costs.

The [Oregon Public Employees Retirement System](#) website describes the rules and benefits of the System.
