1. Please describe how your business will ensure that no one under the age of 21 is admitted, and how your business will educate patrons on the risks of marijuana use by minors.

Signs indicating access to the sales room is restricted to individuals over the age of 21. The signs will be posted at the front entrance and also posted to the door to the sales room.

All individuals that enter the sales room are required to submit their valid, unexpired, government-issued photo identification card. The employee will then review the card for DOB and upload the identification information to our secured database for review. The identification card is returned to the individual once the transaction is complete, which provides multiple opportunities for the employees to review DOB information on the identification card.

Signs are posted throughout the store informing customers of the risks associated with use of marijuana by minors.
