2. Please describe how your business will prevent cannabis products from being consumed around or near your business.

We have several cameras that cover the premises. If someone is seen consuming, they will be ~~be~~ informed that it is against the law and will be required to stop consuming on the premises.

3. Please describe how your business will prevent and address potential negative impacts to neighborhood livability such as noise, parking, garbage, or loitering from your patrons.

We have enough parking for several cars; so parking is not an issue. We regularly clean trash that blows into the yard. If a guest is loitering, they are asked to move on.
