Phone Number: 619-971-9509	Email: nickshaba@yahoo.com			
Website: medigreencollective.com	Facebook link: <small>Optional</small>			

1. Please describe how your business will ensure that no one under the age of 21 is admitted, and how your business will educate patrons on the risks of marijuana use by minors.

No minors are permitted on the premises and this includes the waiting room. Any person who is in the waiting area who does not otherwise seek access to the point of sale area will be asked to produce their identification if they appear to be age 35 or under. If they don't have identification or refuse to produce identification, they will be politely asked to leave the premises.

All customers are checked in at entry via our trained receptionist. The point of sale personnel and receptionist are trained to check the date of birth on IDs when checking in customers and prior to purchase. Customers are checked in to our point of sale system, and state-issued IDs or US Passports are accepted. IDs will be scanned when possible, and if not possible, the name, date of birth, and ID number will be entered manually and maintained in the company's records. The dispensing area is accessible via electronic card and only authorized employees have access to these cards. No person off the street can access the dispensing area without a specific electronic key card which opens the proper door.

Signs will be posted in prominent places at every point of sale that read "No Minors Permitted Anywhere on the Premises" and "No On-Site Consumption". A sign will be posted prominently at the exit that reads "Marijuana or Marijuana-Infused Products May Not Be Consumed In Public".

Company personnel will ensure that all marijuana items will be sold in packaging that is not attractive to minors and otherwise compliant with the packaging and labeling requirements of applicable rules. The company will not sell or market products or produce advertisements that may be considered by a reasonable person to be attractive to minors.

2. Please describe how your business will prevent cannabis products from being consumed around or near your business.

All customers are told they cannot open or consume product on site, and there is signage posted prominently throughout the public areas to reinforce this point. We monitor camera activity closely to make sure customers adhere to this rule. We have never had an issue with this (up until this point everyone has been compliant) but we do have protocols in place that we follow daily.

3. Please describe how your business will prevent and address potential negative impacts to neighborhood livability such as noise, parking, garbage, or loitering from your patrons.

We have not had any issues with any noise, litter, etc. To ensure this trend continues, we take measures to ensure that our customers treat our neighbors with respect. Unlike other retail cannabis businesses in Portland, we have a large on-site parking lot, so parking has never been an issue. Our grounds are walked daily in the morning to pick up any litter that may occur and we also sweep/blow the outside areas to keep the outside clean. Our neighbors know who we are (we have introduced ourselves) and we have an open and honest relationship that is based on communication and helping each other thrive in the community.

4. Please briefly describe your business's process to respond to and resolve complaints and/or concerns from neighboring businesses or residences.

As mentioned above, our neighbors know who we are (we have introduced ourselves) and we have a very honest and transparent relationship that is based on communication and helping each other thrive in the community. Up to this point we have had no complaints and our goal is to keep it this way. We believe that any issues that arise can be best resolved through immediate mitigation. To the extent complaints arise, we will work with our neighbors to thoroughly mitigate any and all issues in a friendly and professional manner. As one example of our friendly relationship with our neighbors, we have allowed them to use our parking lot after hours as needed for overflow parking.
