1. Please describe your plan to prevent theft at the licensed premises, including robberies, burglaries, and shoplifting.

As per Oregon law, we have a detailed policy manual which addresses all aspects of security. However, in a nutshell:

To prevent burglary and robberies, we utilize a alarm and motion sensor system. We also use 24 hour video monitoring of the premises. All product is put into a secure safe during non-business hours. We have two panic buttons on premises should a robbery happen.

To prevent shoplifting all customers are monitored by camera and store personnel while on the premises. We only allow a limited number of customers into the dispensary area at any one time.

2. Please describe your plan to control access to your establishment and ensure that no one under the age of 21 is admitted.

All persons entering the premises are required to undergo an ID check prior to entering the section of the store where cannabis products are displayed and sold. No one without a valid and current ID showing proof of age is allowed past the ID checkpoint.

3. In order to reduce the possibility of underage persons, as established by law, from gaining access to marijuana products sold at the licensed premises, please describe your plan to educate patrons on the risks of marijuana use by minors.

As per state law, educational/advisory posters are prominently displayed in the store. As well, all customers are given a copy of the consumer advisory handout provided by the state.

4. Please describe your plan to ensure that marijuana products sold by your business are not consumed irresponsibly in public or in the immediate vicinity of the license premises.

Grateful Meds has a no consumption and no loitering policy. It is our policy to warn anyone consuming cannabis products or loitering in the immediate store vicinity that it is against store policy and ask that they cease and desist. If one warning is insufficient, Grateful Meds will no longer allow said individual entrance to our facilities. A copy of the individual's ID and name will be posted so all employees know to refuse entrance to that individual.

5. Please describe your plan to avoid potential negative impacts to neighborhood livability such as noise, parking or garbage from your patrons.

If we were to have an issue with patrons making too much noise or creating garbage we would follow the same pattern as with on-site consumption or loitering. First we would issue a warning, and if that failed, refuse service to the individual(s)

6. Please describe the process to respond to complaints from neighboring businesses and residents regarding the licensed premises.

If we were to receive a complaint, we would first contact the city to determine whether there was an actual problem. If yes, then we would take proper steps to rectify the situation. Regardless of the city's position, we would actively engage with the business or resident filing the complaint to attempt to resolve the issue amicably and fairly.

7. Please include any other pertinent information related to the licensed premises.
