2. Please describe how your business will prevent cannabis products from being consumed around or near your business.

We have camera coverage for the immediate area around our business and use customer education as a tool to help prevent use. We also patrol the outside area while cleaning litter.

3. Please describe how your business will prevent and address potential negative impacts to neighborhood livability such as noise, parking, garbage, or loitering from your patrons.

We are in the same building as a convenience store that operates longer hours than we do. There is short term parking on the south and east sides of our building as well as a parking lot for customer use. We regularly patrol the outside areas to clean up litter and ensure that customers are not using around the premises.

4. Please briefly describe your business's process to respond to and resolve complaints and/or concerns from neighboring businesses or residences.

We have an open door policy with our neighbors and any and all complaints are taken seriously and addressed as quickly as possible. With that said since we have open we have only had 2 minor complaints and we were able to address them to our neighbors satisfaction.
