

2016-17 Budget Add-Package Proposal – 3-31-2016
City of Portland Office of Neighborhood Involvement
Community Engagement for City and A Home for Everyone Houselessness Efforts

Strategic Goals

To engage the community, including diverse and underrepresented communities, neighborhood associations, small social service providers, and the houseless community, in discussions and solutions regarding efforts to reduce houselessness and the impacts of houselessness. This will include facilitating communication between city, county, and private agencies and the involved community. It will also include community engagement around both policy discussions, and immediate, local activities.

Contractors

- Neighborhood Coalitions (7)
- Diversity and Civic Leadership Organizations (6)
- Resolutions Northwest

Qualifications

Diversity and Civic Leadership Organizations & Neighborhood Coalitions

- Current Office of Neighborhood Involvement (ONI) partners and contractors make them particularly well suited to work with the City and partner agencies on this project
- Work among and within their respective communities to build community leadership capacity and to improve the livability of the city
- Have strong knowledge of and connections to their constituencies
- Maintain existing outreach tools and skills

Resolutions Northwest

- Current and long term ONI partner, with connections to Diversity and Civic Leadership Organizations & Neighborhood Coalitions
- Experience in providing high-stakes facilitation and mediation services to the City and the community

Partnership

This proposal responds to a clearly articulated community need to know what is being done about the housing emergency and houselessness, and productive ways the community can engage in the issue. We recognize that much is being done on this issue already, both at a county-wide scale, and through small local projects. This effort would join and integrate with existing efforts and support community engagement and communication around all that is being done. Below is a list of partners we expect to be working closely with:

- A Home for Everyone—a coalition of over thirty government, social service, and community organizations that has developed a comprehensive strategy for reducing houselessness.
- City Of Portland Office of Neighborhood Involvement
- The Portland Housing Bureau
- City Of Portland Mayor’s Office
- Other small social service and faith-based groups

Scope of Work

- **6 major community events** (200+ Participants) individually tailored to reach geographic and non-geographically identified communities, small social service providers and faith communities. Facilitation by Resolutions Northwest. All partners will be invited to participate in the event planning, outreach, and implementation.
- **Up to 50 small local meetings; and local groups** working on creative solutions. These smaller-scale activities organized by the contractors provide more involvement and interaction for the community and an opportunity to work on local and immediate solutions. Resolutions Northwest may facilitate as needed.
- **Information coordination and communication** among all the partners would be managed by the dedicated staff. This will provide better information to the community about what is being done and additional coordination among the service providers.
- **Community Outreach** will be done by the contractors within their respective communities and using existing outreach tools. Additional targeted surveys may be used to gather more community feedback and broaden the outreach
