1. Please describe how your business will ensure that no one under the age of 21 is admitted, and how your business will educate patrons on the risks of marijuana use by minors.

- All required signage is properly posted; the entry door, dispensing room door at points of sale.
- An additional sign, "Please report shoulder tapping" is on the reception counter.
- At least one employee is always in the reception area of the facility. This ensures that each person will be asked to show their ID immediately upon entering.
- Each person's ID is checked for validity and minimum age upon entering the reception area.
- The door from the reception to the dispensing area is kept locked at all times, a keypad entry code is used by an employee to permit customers through into the area containing cannabis once age has been verified.
- All staff is trained to ID every single person entering the reception area, regardless of how old they may look, if they know them etc.; every single time. No exceptions, this is a zero-tolerance policy.
- Anyone under age, or without valid ID, is not allowed entry, not even into reception to wait for another person.
- All exit bags are pre-stuffed with the required 2-sided informational card before being taken into the dispensing room and eventually behind the counter used for customers.
- All staffed is trained to cease any transactions if an indication of sales to, or consumption by, a minor, is given from a customer. This is taken very seriously by our staff. If this situation arises, the employee stops the transaction, reminds the customer that minor consumption is illegal and unsafe, and asks them to leave the facility.

2. Please describe how your business will prevent cannabis products from being consumed around or near your business.

- Sign on exit door reminding customers to respect our neighbors by keeping items in their bag until they get to their destination and not to consume on the property.
- 24/7 video monitoring around the outside of the building and parts of parking lot.
- Staff is trained to watch for exchanges and people attempting to consume on the property. In most (safe) situations, a staff member will ask the person to vacate the property and remind them that what they are doing is illegal...and on camera. Works every time!
- Staff is trained to walk around the building at their arrival and departure. Any employee taking a smoke break is encouraged to walk around the building to possibly catch any issues of this kind (or others).

3. Please describe how your business will prevent and address potential negative impacts to neighborhood livability such as noise, parking, garbage, or loitering from your patrons.

- We maintain a clean and positive environment at The Green Remedy and our surrounding areas.
- All staff is respectful, helpful, and friendly to neighboring businesses.
- We have collaborated with neighboring businesses to work together to maintain a clean property and have any persons preventing that removed from the property.
- Because of the type of retail store, we make all attempts possible to prevent loitering in front of the dispensary.
- All employees, upon their arrival and departure (and smoke breaks if applicable), are asked to walk around the building. They are looking for possible cannabis use, loitering as well as any garbage that needs to be picked up.
- Unauthorized vehicles are towed by 21st Century Towing. After hours included.
- Loud stereos are asked to be courteous and turn down their music while parked.
- Staff have and will respond to help the community in any emergency situations.

4. Please briefly describe your business's process to respond to and resolve complaints and/or concerns from neighboring businesses or residences.

- The Green Remedy maintains good relationships with its neighboring businesses.
- If a problem arises with a neighboring business, first, the store manager may attempt to solve the issue if it is minor. Any serious complaints are forwarded to the owners.
- The owners will address the situation with staff and other business, within 24 hours of notice unless immediate attention is needed.
- The owners and management will work diligently with all involved to solve the matter in an agreeable way.
