1. Please describe your plan to prevent theft at the licensed premises, including robberies, burglaries, and shoplifting.

First and foremost we will be using Cannaguard Security. Cannaguard specializes in cannabis security. Our Cannaguard system will be activated nightly by the appropriate manager only when all exterior doors are properly secured, and the system will be tripped if any door is breached.

Only authorized personnel ie management will have access to keys and codes. Every key will have "do not duplicate" to ensure no additional copies are made. All key codes will be changed quarterly to ensure appropriate security measures.

We will have cameras throughout our property, motion detectors, and a panic button. If the alarm is tripped during closed business hours authorities will be notified. We will have multiple safes to lock and protect our product, and finances. Our staff will be trained to make sure our inventory and cash match up daily in order to prohibit theft of any kind.
