

City of Portland

Crime Prevention Services & Resources

The services provided to the community by the City of Portland's Crime Prevention Program fall into three broad areas: education, community organizing, and training on issues of public safety. The mission of the City of Portland's Crime Prevention Program is to:

Organize and support community partnerships to prevent crime and the fear of crime.

Portland's crime prevention services are offered through the Office of Community & Civic Life. The services provided are designed to reduce crime, increase livability, and help neighbors become more involved in community building. These services are provided by Crime Prevention Coordinators who are assigned to neighborhoods throughout the city.

What are Crime Prevention Coordinators?

Crime Prevention Coordinators (CPCs) are members of the Crime Prevention Team who assist in community building and creating partnerships by offering free educational resources and trainings on community organizing and public safety issues.

Crime Prevention Partners

The Crime Prevention Program works with a variety of different partners within the community and local government to assist with trainings, education, and to resolving chronic neighborhood issues. Partners include, individual community members, business owners, Neighborhood Associations, Police, and other government offices and Bureaus (such as Fire & Rescue and Park Rangers).

Community organizing

A key part of community policing is involving the community in working on crime and livability issues. Crime Prevention Coordinators accomplish this by helping community members work together on livability issues. Coordinators can also help mobilize volunteers for short term efforts such as doing outreach or distributing educational materials in neighborhoods particularly hard-hit by a certain type of crime or the fear of crime.

The Crime Prevention program is designed to empower and connect the community and neighborhoods by organizing and involving individuals, families, and business owners block by block in public safety efforts. When neighbors work with the crime prevention team and connect to build and maintain livable and cohesive neighborhoods, those neighborhoods are less vulnerable to crime and more resilient in emergencies. The Crime Prevention Program has coordinators who are trained to assist and educate these community groups.

Crime prevention training

Crime Prevention Coordinators can provide in-person trainings for your group on a variety of crime prevention topics. Each topic requires at least 15 minutes to cover, but can take as long as an hour for in-depth discussions. One approach is to combine several topics together in one training for brief coverage of each. All of our training topics and material can be found at portlandoregon.gov/civic/cpadvice. Some of our prevention topics for residential and commercial training include:

Prevention Training Topics (Residential)

- Bicycle theft
- Burglary
- Crime Prevention Through Environmental Design
- Car prowl
- Car theft
- Identity theft
- Package theft
- Recognizing & responding to illegal activity

Prevention Training Topics (Commercial)

- Burglary
- Car prowl
- Car theft
- Crime Prevention Through Environmental Design
- Holiday shopping crime prevention strategies
- Shoplift prevention
- Recognizing & responding to illegal activity

Trainings can be tailored for specific group needs. Training must occur within the Portland city limits; coordinators request a minimum of ten participants. Trainings are designed for the understanding and maturity of adults and older teens. Trainings are usually scheduled 4 to 6 weeks in advance. If your group is interested in a topic we don't offer (e.g. traffic safety or emergency preparedness), we may be able to make a referral to a local partner who does offer the topic.

To request a training, please visit our website and complete the Crime Prevention Team contact form at portlandoregon.gov/civic/cp.

Find your Crime Prevention Team

Crime Prevention Teams are made of up 3 teams of 3-4 coordinators per team (North, Central, and East). The neighborhoods served by each team corresponds to the current Portland Police Bureau boundary lines (North Precinct, Central Precinct, and East Precinct.) See a detailed neighborhood list and team contact information online at: www.portlandoregon.gov/civic/article/699588

Resources and Stakeholders

Connecting with involved stakeholders can provide resources to assist with problem solving and often prove essential in gaining resolution for community problems. Some of the involved stakeholders can include, but are not limited to: Police, Neighborhood Associations, Neighborhood Coalitions, City Bureaus and Officers, neighboring businesses, and community members. If you need help getting started, contact your assigned Crime Prevention Team for guidance. Crime Prevention Coordinators are assigned geographically by the Portland Police Bureau Precinct boundary lines. You can find your assigned team of coordinators by identifying your precinct through portlandmaps.com.
